Terms of Admission.

Candidates for admission into the Freshman Class are examined as follows :

Harkness' Latin Grammar, including Prosody ; first twelve chapters of Arnold's Latin Prose Composition ; Virgil, the Bucolics, Georgics, and six books of the Æneid. ; Cicero's Select Orations, (Johnson's edition) ; Sallust.

Hadley's Greek Grammar ; Xenophon's Anabasis.

Arithmetic ; Smyth's New Elementary Algebra, first eight sections, (to equations of the second degree) ; Davies' Legendre's Geometry, first and third books.

English Grammar ; Ancient and Modern Geography.

They must produce certificates of their good moral character. The time for examination is the Friday after Commencement, and the first Thursday in the first and second terms. But no candidate shall be examined after the opening of the year, unless he designs to remain and pursue study with his class. Candidates for admission into the other classes will be examined also in the books which have been studied by the class, into which admission is requested. Students from other Colleges, before they can be examined, must produce a certificate of their regular dismissal. The examination in the *Grammar* of the Greek and Latin Languages will be particular.

Real Equivalents for any of the foregoing requirements will be accepted.

Course of Study.

Freshman Class.

FIRST TERM.

Lincoln's Livy.	Greek Grammar, (Hadley's.)
Arnold's Latin Prose Composition.	Arnold's Greek Prose Composition.
Felton's Extracts from the Greek His- torians.	Smith's History of Greece. Smyth's Algebra.

SECOND TERM.

Livy.	Arnold's Greek Prose Composition.
Liddell's History of Rome.	Smith's History of Greece.
Odyssey commenced.	Legendre's Geometry.
Greek Grammar.	

THIRD TERM.

Horace, (Odes.)	Application of Trigonometry. Men- suration.
Liddell's History of Rome.	Newman's Rhetoric.
Odyssey.	Review of the studies of the year.
Greek Grammar.	
Smyth's Trigonometry.	

Sophomore Class.

FIRST TERM.

Surveying and Navigation.	French Language, (Fasquelle's Exer- cises, Aehard's Clos-Pommier, and Spiers', or Spiers and Surennec's Pronouncing Dictionary.)
Smyth's Analytic Geometry.	
Demosthenes, (Olynthiacs.)	
Goodwin's Greek Modes and Tenses.	
Horace (Satires and Epistles.)	

SECOND TERM.

Sophocles, (Electra.)	Smyth's Calculus.
Goodwin's Greek Modes and Tenses.	French Language, (Fasquelle's Exercises, and Achard's Clos-Pommier.)
Horace, (Ars Poetica.)	Whately's Rhetoric.
Cicero, (Tusculan Questions.)	

THIRD TERM.

Electra of Sophocles.	French Language, (Collot's Fr. Reader.)
Cicero.	Review of the studies of the year.
Smyth's Calculus.	

Junior Class.

FIRST TERM.

Tacitus, (History and Agricola.)	Botany.
German, (Otto's Grammar. Adler's German Dictionary and Reader.)	Mineralogy.

SECOND TERM.

Mechanics ; Hydrostatics ; Pneumatics.	Political Economy.
German, (Otto's Grammar and Eichendorff's Taugenichts.)	

THIRD TERM.

Optics ; Acoustics ; Electricity, Magnetism.	and Baret's Dictionary, Ollendorff's Grammar, and Novelas Españolas, (optional.)
German, (Goethe's Faust.)	Plato's Apology of Socrates, (optional.)
Spanish Language, (Soone's Neuman	Review of the studies of the year.

Senior Class.

FIRST TERM.

Mental Philosophy.	English Literature, (Shaw's.)
Astronomy.	Paley's Evidences.

SECOND TERM.

Chemistry.	Mental Philosophy.
Physiology.	Moral Philosophy.
Butler's Analogy.	Italian Language, (optional.)

THIRD TERM.

Geology.	Constitution of the United States.
Physical Geography.	Review of the studies of the year.
Butler's Analogy.	

EXERCISES DURING THE YEAR.

Exercises in Elocution of the Sophomore Class.

Exercises in Declamation of the three upper Classes.

Original Declamations by the Juniors.

Forensic Discussions by the Seniors.

Compositions in English by the three upper Classes.

Translations into English by the Freshman Class.

Two weeks, preceding the term Examinations, are spent in review of the studies of the term.

There are two Exhibitions each year, by the Senior and Junior Classes ; and two Prize Declamations, by the Junior and Sophomore Classes.

LECTURES.

FIRST TERM. By Prof. SMYTH—On Astronomy to the Senior Class.

SECOND TERM. By Prof. BRACKETT—On Chemistry and on Geology to the Senior Class.

By Prof. FORD—On Physiology.

THIRD TERM. By Prof. SMYTH—On Natural Philosophy to the Junior Class.

By Prof. BRACKETT—On Botany and on Zoology to the Junior Class.

Occasional Lectures in connection with the course of study are given,

By the PRESIDENT—On Mental and Moral Philosophy ;

By Prof. A. S. PACKARD—On Natural and Revealed Religion ;

By Prof. J. B. SEWALL—On Classical Literature ;

By Prof. J. S. Sewall—On Rhetoric and English Literature ;

By Prof. A. S. PACKARD—to the Freshman Class on Habits of Study.

There are religious lectures on Saturday evenings by the Collins Professor or some other member of the Faculty, which the students are invited to attend.

PRIZES.

The sum of *Thirty Dollars* is annually given as a premium for excellence in Composition, to those members of the Senior Class whose parts at Exhibition are deemed most deserving by a Committee of award appointed by the Executive Government.

Prizes amounting to *Thirty Dollars* are in like manner assigned to members of the Junior Class for excellence in Oratory at their annual Prize Declamation.

A Prize of *Ten Dollars*—called the Sewall Premium—is awarded also to members of the Sophomore Class for excellence in Declamation.

The Prizes for the Sophomore Prize Declamation, July, 1867, were awarded to CLARENCE HALE and WILLIAM P. MORGAN.

The Prizes for the Junior Prize Declamation, Aug. 1867, were awarded to ORVILLE D. BAKER, CHARLES G. HOLYOKE and LEONARD W. RUNLETT.

The Prizes for excellence in Composition at the Senior Fall Exhibition were awarded to ORVILLE D. BAKER and GEORGE L. CHANDLER.

PHYSICAL EDUCATION.

The Gymnasium is provided with the usual gymnastic apparatus, and furnishes good facilities for physical culture under the instruction of the Director.

THE GALLERY OF PAINTINGS.

At the death of Hon. JAMES BOWDOIN, the College, by his will, came into possession of his entire collection of paintings, about one hundred in number, procured by him with great care and expense in Europe, and considered at that time (1811) the finest collection in this country. Valuable paintings presented by other donors, including the entire collection of the late Col. GEORGE W. BOYD, have since been added.

CABINET.

The Cabinets of Mineralogy and Conchology, collected mainly by the late Professor CLEVELAND, are extensive and exceedingly valuable. That of Mineralogy is especially enriched by containing a large number of specimens obtained from Hatfield and arranged by him.

LIBRARIES.

The number of volumes in the College Library is	-	-	16,538
Medical Library	-	-	3,550
Peucinian	-	-	6,850
Athenæan	-	-	5,650
Total	-	-	32,588

"BROWN MEMORIAL SCHOLARSHIP,"

— A Fund given for the support of four Scholarships in Bowdoin College, by Hon J. B. BROWN, of Portland, in memory of his son, the late JAMES OLCOTT BROWN, Esq.

According to the provisions of this foundation, the first of these Scholarships was established during the Collegiate year ending in 1866; and annually "there will be paid the sum of *Fifty Dollars* to the best scholar in the Freshman Class who shall have graduated at the High School in Portland, after having been a member thereof not less than one year."

Another of these Scholarships, for an equal sum, on like terms and conditions, has been established for the Sophomore Class; another will be established for the Junior Class in 1868; and another for the Senior Class in 1869.

After the year 1875, it is provided that the annual value of these Scholarships shall be increased.

This scholarship was awarded to FREDERIC AUGUSTINE FOGG, for the Sophomore year, and to CHARLES FRANKLIN GILMAN, for the Freshman year ending at the last Commencement.

THE LAWRENCE FUND.

This is a fund of \$6000 given by Mrs. AMOS LAWRENCE of Massachusetts. "The income shall be annually appropriated for the payment of the whole or a part of the tuition of meritorious students in Bowdoin College who may need pecuniary assistance ; and one student each year shall be placed upon the foundation and have the whole of his tuition remitted who shall enter the college from Lawrence Academy at Groton, Mass., and who shall bring satisfactory testimonials of scholarship and moral worth ; provided that the number thus received shall never exceed four at any one time ; and that the Executive Government may withhold the benefaction from any one who shall subsequently to admission prove unworthy of it ; and provided further that if the authorized number be not sent from said Academy, the amount which would have been thus appropriated may be applied to the benefit of other students."

THE LORD FUND.

This is a fund of \$2000 given by DANIEL W. LORD, Esq., of Kennebunkport, the income to be appropriated to pay the tuition of meritorious students who in the opinion of the Executive Government stand in need of aid. "The aid of this fund shall not be given to students who use intoxicating liquors, or intoxicating and injurious drugs of any kind, such as opium and tobacco, unless prescribed by a physician as a medicine."

TERMS AND VACATIONS.

Commencement on the second Wednesday of July

Vacation, seven weeks.

The First Term begins Thursday, seven weeks from Commencement, and closes on the Wednesday preceding the last Thursday of November.

Vacation, six weeks.

The Second Term begins on Thursday six weeks from the close of the first term and continues thirteen weeks.

Vacation, one week.

The Third Term begins Thursday, one week from the close of the second term and continues till Commencement.

At the beginning of each term the first college exercise will be evening prayers on Thursday, and recitations will commence the next forenoon. Except that at the beginning of the first term, one day will be allowed for arranging rooms.

Students whose pecuniary circumstances make it necessary, may by vote of the Faculty, have leave of absence during a portion of term time, for the purpose of completing engagements in teaching.

ANNUAL EXPENSES.

Tuition, \$ 39,00 Room rent, \$ 10,00. Incidental charges on the College bills, \$ 12,00. Board, \$ 2,75 to \$ 4,00 per week. Other expenses, as wood, lights, washing, use of books and furniture, \$ 35,00. Total, \$ 229,00

FREDERIC C. THAYER, M. D., *Prosector in Surgery.*

FREDERIC H. GERRISH, B. A., *Assistant Librarian.*

Medical School of Maine.

THE MEDICAL SCHOOL OF MAINE, by an Act of the Legislature, is placed under the superintendence and direction of the Boards of Trustees and Overseers of Bowdoin College. By the joint authority of these two Boards all the degrees of M.D. are conferred.

Adams Hall, the New Medical College, now completed, affords most ample accommodations for every department of the School.

The Medical Session commences in February, annually, and continues sixteen weeks. Students, and particularly candidates for a degree, are examined either daily or weekly on the subjects of the Lectures.

The Lectures of the Medical Session are divided into two series. The order best adapted to medical instruction is thus secured. The first series, embracing Anatomy and Physiology, Materia Medica, Chemistry and Pharmacy, will close the middle of April, and candidates for degrees will then be examined in these studies.

The second series, embracing the Theory and Practice of Medicine, Surgery, Obstetrics, and Medical Jurisprudence, will commence the middle of April and continue till the close of the Session, when the examination of candidates for degrees will be completed.

It is highly important that students should be present at the commencement of the Session.

The Fees for admission to the several courses of Lectures, payable in advance, are \$70.

The Graduation fee, including an engraved Diploma on Parchment, is \$20. Matriculation or Library fee, payable each course, \$5.

Pupils, who have attended two full courses of Medical Lectures, one of which courses must have been at this School, are admitted to all subsequent courses, without payment of any Lecture fees.

Students, who have attended two full courses at other regular Medical Institutions, are required to pay \$25 for admission to their first course of Lectures at this School, in addition to the Matriculation fee.

Members of the Medical School may, at their request, have the privilege of attending, without additional expense, the Lectures on Natural History, delivered to the undergraduates during the Medical Session.

GRADUATION.

Candidates for the Degree of Doctor of Medicine are examined by the Faculty of Medicine immediately after the termination of the Course of Lectures, and also on the second Monday before the annual Commencement of the College, which occurs on the second Wednesday of July.

They must have devoted three years to their professional studies under the direction of a regular Practitioner of Medicine. They must have attended two full courses of Medical Lectures in some incorporated Medical Institution, and the last course previous to examination must have been at this Medical School. They must deposit with the Faculty satisfactory certificates of having pursued their Medical Studies for the required term, and of possessing at the time of examination a good moral character.—They must also pass a satisfactory Examination in Anatomy, Physiology, Surgery, Chemistry, *Materia Medica*, Pharmacy, Obstetrics, and the Theory and Practice of Medicine.—They must read and defend a Thesis or Dissertation on some Medical subject, in the presence of the Faculty of Medicine.

These Candidates, who have not received a Collegial education, must satisfy the Faculty of their proficiency in the Latin Language and in Natural Philosophy.

Degrees are conferred at the close of each Course of Lectures, and at the annual Commencement of the College in July.

A fair copy of the Thesis or Dissertation must be deposited with the Secretary of the Faculty at least ten days before the commencement of the Examination at the close of the Lectures. These copies are preserved in the Medical Library; and it is required, that they should be written on Letter paper of medium size, with a wide margin, left for the purpose of binding them in volumes.

LIBRARY.

The Medical Library, attached to this School, is one of the best in the United States. It contains about 3,550 vols.; principally modern works which have been selected with much care; and is annually increasing. It embraces an extensive and valuable collection of Plates, among which are the works of Albinus, Baillie, Bateman, the Bells, Breschet, Bright, Carswell, Cloquet, Cooper, Cruveilhier, Home, Hooper, Lizars, Maygrier, Scarpa, Seerig, Swan, Tiedemann, Vicq d'Azyr, Weber, &c. &c.

Each Member of the Medical Class is entitled to borrow two volumes a week from the Library. Those, who are candidates for examination for the degree of M. D. during the year, are permitted to exchange their books twice a week, thus giving them the privilege of consulting four volumes each week.

A N A T O M I C A L C A B I N E T .

The Anatomical Cabinet was purchased in Paris; and many of the Preparations were there made under the direction of the late Professor Thillaye.

Many wet preparations have however been added from year to year.— Its valuable specimens of Morbid and Comparative Anatomy are also constantly increasing; so that every department of practical Anatomy can now be fully demonstrated from this collection.

The students, divided into classes containing 3 or 4 individuals, are furnished with the separated bones of the Skeleton for examination at their private rooms.

C H E M I S T R Y .

The Chemical Department embraces every Article of Apparatus essential to a complete illustration of the principles of Chemistry. This Course also includes a very full exhibition of the principles of Common and Galvanic Electricity, Electro-Magnetism, and Magneto-Electricity, with numerous experiments.

Lectures will also be given to the Medical Class on those departments of Natural Philosophy, which are especially connected with Medical Science.

S U R G E R Y .

An extensive and valuable collection of Instruments and Apparatus has been provided for the department of Surgery; which will be completed by the Professor in this Department. Frequent opportunities for witnessing Surgical operations will be afforded.

All operations in the presence of the Medical Class will be performed *without charge*. It is considered important, that this fact should be extensively made known to the Public.

The foregoing is a brief statement of the means of acquiring Medical Knowledge, which may be enjoyed at this Institution. No efforts will be spared by the Professors which may tend to render these means beneficial, and to promote the instruction of pupils in Medical Science.

Calendar.

1868.

- Jan. 9. Second Term commences — Thursday.
 Feb. 20. Medical Session commences — Thursday.
 Apr. 6. Exhibition of the Senior and Junior Classes — Monday evening.
 Apr. 7 & 8 Examination of all the Classes and close of term — Tuesday and
 Wednesday.

VACATION OF ONE WEEK.

- Apr. 16. Third Term commences — Thursday.
 June 2. Examination of the Senior Class — Tuesday.
 June 29. Prize Declamation of the Sophomore Class — Monday evening.
 June 29 — July 1. Examination of the three lower Classes.
 July 6. Prize Declamation of the Junior Class — Monday evening.
 July 8. Commencement — Wednesday.
 July 10. Examination for admission to College — Friday.

VACATION OF SEVEN WEEKS.

- Aug. 27. First Term commenced — Thursday.
 Aug. 27. Examination for admission to College — Thursday.
 Nov. 23. Exhibition of the Senior and Junior Classes — Monday evening.
 Nov. 24 & 25. Examination of all the Classes and close of term, — Tuesday
 and Wednesday.

VACATION OF SIX WEEKS.

SUMMARY.
