ENGINEERING DEPARTMENT.*

The requirements for admission to this department are the same as for the Academic department, omitting the Greek, except that a full equivalent in French will be taken, if desired, in the place of Latin. Candidates are earnestly advised, however, to fit themselves in all the Latin required for the regular course. The studies of the first and second years are those already given in the regular Course, except that instead of Greek, Drawing is commenced in the Freshman year, and an extended course of Field-work is taken during the Sophomore year. Those who complete satisfactorily the four year's course in Engineering will receive the Degree of Sc.B. Those who complete a two year's course of advanced study will receive the Degree of Civil or Mechanical Engineer. Students not candidates for a Degree will be received at any stage for which an examination will show them to be fitted, and may remain for any desired time.

JUNIOR YEAR.

FIRST TERM — Physics. Descriptive Geometry. Field-work, with the Transit and Level. Plotting of Plans and Profiles. Topographical and Mechanical Drawing. English Composition and German.

SECOND TERM—Physical Laboratory. Shades, Shadows and Prospective. Architectural, Topographical and Mechanical Drawing. English Composition and German.

THIRD TERM—Field-work with the Transit and Level. Barometrical measurement of heights. Principles of Mechanism. Engineering and Mechanical Drawing. English Composition and German.

SENIOR YEAR.

FIRST TERM — Survey and Location of Roads and Railroads, Earth-work, Rock-work, Tunnelling, Foundations, and Masonry. Estimates for work. Chemistry and Metallurgy of Iron and Steel. Elements of Machinery and application of Drawing to Engineering structures, and to Mechanism. Political Economy.

SECOND TERM—Nature and strength of wood, iron and steel. Carpentry and Building. Wooden and iron bridges. Railway Superstructure and Equipment. Metal-working and study of Machine Tools. General Theory and Details of the various forms of the Steam Engine, and practice in the designing of Engineering works.

THIRD TERM—River and Harbor improvements. Dams, Locks and Canals. Drainage and Sewerage. Water-supply for cities. Measurement of the flow and discharge of water, with modes of estimating its power. Water-wheels. Turbines and water-pressure engines. Mills and Mill work. History of Civil and of Mechanical Engineering, and History of Architecture.

*The course in Engineering is not offered this year.

POST-GRADUATE INSTRUCTION.

Facilities will be afforded to students who desire to pursue their studies after graduation either with or without a view to a Degree, and to others who wish to pursue special studies either by themselves or in connection with the regular classes, without becoming matriculated members of College.

RELIGIOUS EXERCISES.

Devotional exercises, consisting of the reading of Scripture and Prayer, are held in the College Chapel every morning and Sunday afternoon, and all the Students are required to be present.

Every student is also required to attend the exercises of public worship on the Sabbath, at the place provided by the Trustees and Overseers. But to secure the rights of conscience, any student may at his own request if of age, or at the request of his parent or guardian if he is a minor, have permission to attend instead the services of any Christian society in Brunswick or Topsham.

Prayer meetings under the direction of the Young Men's Christian Association, a religious organization of the students, are held on Thursday evenings, and other meetings on Sunday evenings, to which all members of the College are cordially invited.

Religious services are also held under the direction of the Faculty, at which all the students are invited, but not required, to be present.

EXAMINATIONS.

There are Examinations at the close of the first and second terms, mainly in writing, on the work of the term in each department, and at the close of the third term an oral examination on the work of the term before the Examining Committee appointed by the Boards of Trustees and Overseers. The results of these examinations enter largely into the rank of the student, and have an important influence in determining his standing.

PUBLIC EXHIBITIONS DURING THE YEAR.

Two Public Exhibitions of the Senior and Junior classes, the appointments to which are made with reference to scholarship.

Prize Declamation by members of the Junior Class.

Prize Declamation by members of the Sophomore Class.

Public competition for 1868 Prize by members of the Senior Class.

GYMNASIUM.

The gymnastic exercises which have been carried on with such marked good effects for the past ten years, are necessarily suspended at present, for want of a suitable building for that purpose, on account of the completion of MEMORIAL HALL for its proper uses. It is confidently expected that the friends of the College recognizing the importance of physical and hygienic culture, and also the successful work heretofore done in this department of education, will promptly supply this need.

CABINETS.

The Cabinets, available for purposes of illustration, in the Departments of Natural Science, are the following :—

The Museum of the First Geological Survey of Maine.

The Cleaveland and Haay Collections of Minerals.

The Mineralogical and Geological Collections of the late Mrs. FREDERIC ALLEN, of Gardiner, Maine.

The Shattuck Conchological Collection.

The Cushman Ornithological Collection.

The Blake Herbarium.

The Anatomical Museum.

The Cleaveland Herbarium.

Under certain regulations, the Cabinets are accessible for purposes of study to all students of the College.

The large and beautiful rooms in the upper portion of Massachusetts Hall lately converted into a Cabinet of Natural History by the Hon. PELEG W. CHANDLER, of Boston, and named the Cleaveland Cabinet in memory of the late Professor PARKER CLEAVELAND, contain the various collections illustrating Natural History belonging to the College. Ample opportunity is afforded for advanced study in this department of Science. Contributions to these Cabinets are constantly received.

LIBRARIES.

The number of volumes in the College Library is.....	20,500
Peucinian and Athenæan.....	13,000
Medical Library.....	4,000
	<hr/>
Total.....	37,500

The principal Library room is Banister Hall in the East end of the Chapel.

The Library is open every afternoon, except Sundays, for consultation. Books may be taken out under regulations, by Trustees and Overseers.

members of the Faculty, resident graduates, special students and undergraduates of the College, and by the pastors of the churches in Brunswick and Topsham.

A generous donation of \$1000 from Mrs. JOHN C. DODGE, of Boston, was made at the last Commencement in aid of a specific department of the Library. Other sums have been contributed or pledged, now amounting to \$4500 toward a general Library Fund.

The income of a small fund connected with the Smyth scholarship, given by H. J. FURBER, Esq., of Chicago, is devoted to the increase of the Mathematical department of the general Library.

The Peucinian and Athenæan libraries have lately been removed to the South wing of the Chapel, where they have been arranged, catalogued and made accessible to the students in connection with the College Library.

There is also a small collection of valuable books contributed by the kindness of friends, constituting what is called the Senior Library, for use in the recitation room. This consists at present of about 200 volumes; but additions are constantly made of important works connected with Senior studies.

THE GALLERY OF PAINTINGS.

By the Will of the Hon. JAMES BOWDOIN, the College in 1811 came into possession of his entire collection of paintings, about one hundred in number, procured by him with great care and expense in Europe, and considered at that time the finest collection in this country. Valuable paintings presented by other donors, including the entire collection of the late Col. GEORGE W. BOYD, have since been added.

The Gallery occupies the room over the Library in the East end of the Chapel, and is called Walker Gallery in memory of Mrs. SOPHIA WALKER.

The Gallery will be open at Library hours, and admission may be gained at any time for purposes of study by application to the Curator.

Valuable additions both of paintings and statuary have recently been made, and measures have been taken to exhibit the rare collection of drawings and other art-treasures of the College.

The Art collections, as well as the Scientific, and the Library, will for the present be open to visitors during the hours of train interval at the Brunswick station, 11.30 A. M. to 2 P. M., and passengers waiting over and interested to visit the College will be made welcome.

MEMORIAL HALL.

By the munificence of Mrs. VALERIA G. STONE, of Malden, Mass., Memorial Hall is now completed in general accordance with its original design. The lower floor affords space for a large lecture room and two recitation rooms. The second story has been finished in a beautiful manner, and is mainly devoted to the Great Hall, to be used for general College purposes.

PRIZES.

The sum of *Thirty Dollars* is annually given to members of the Senior Class as a premium for excellence in English Composition.

Prizes amounting to *Thirty Dollars* are in a like manner assigned to members of the Senior Class for excellence in Oratory at their annual Prize Declamation.

A prize of *Ten Dollars*—called the Sewall Premium—is awarded also to members of the Sophomore class for excellence in Declamation.

Two Prizes, one of *Thirty* and one of *Twenty Dollars*, are offered to the Senior Class by PHILIP HENRY BROWN, Esq., of Portland, for excellence in extemporaneous English Composition.

A Prize of *Twenty-five Dollars*, given by Prof. J. B. SEWALL, of Thayer Academy, is offered to the member of the Sophomore Class who sustains the best examination in Greek, and an equal Prize by the same donor, to the one who sustains the best examination in Latin, at the Annual Examination.

A Prize of *Three Hundred Dollars* is awarded during the Sophomore year to the best mathematical scholar in the Classical course. (See Smyth Scholarship).

The income of \$1000 is given by Rev. Dr. D. R. GOODWIN, of Philadelphia, as a Prize for the best written Commencement Part.

A fund contributed by the Class of 1868, is intended when it reaches the sum of \$1000 to constitute a foundation for the class of '68 Prize;—the income to be given annually to the author of the best written and spoken oration in the Senior class.

By a recent vote of the class of '68 this prize will not be offered further until the principal sum is paid in.

PECUNIARY AID.

Meritorious students with slender pecuniary means, may receive considerable assistance from the College. It should be understood, however, that good capacity, character and conduct, are indispensable conditions on which aid is given.

SCHOLARSHIPS.

COMPETITIVE.

BROWN MEMORIAL SCHOLARSHIPS.

A fund has been given for the support of four scholarships in Bowdoin College, by Hon. J. B. BROWN, of Portland, in memory of his son the late JAMES OLCOTT BROWN, A. M., of the class of 1856.

According to the provisions of this foundation, there will be paid the sum of *Seventy-five Dollars* annually to the best scholar in each undergraduate class who shall have graduated at the High School in Portland, after having been a member thereof not less than one year.

JOHN C. DODGE SCHOLARSHIP.

A fund of \$1000, given by Hon. JOHN C. DODGE, of Boston. The recipients to rank above two-thirds of their classmates, and to be selected by the donor.

SMYTH SCHOLARSHIP.

A fund of \$5000, the gift of HENRY J. FURBER, Esq., of New York, named by him in honor of the late Professor WILLIAM SMYTH. The income at six per cent. is given to that student in each Sophomore Class who obtains the highest rank in the required mathematical studies of the Classical course. The rank is determined mainly by the daily recitations; but the Faculty may at their discretion order a special examination, the result of which will be combined with the recitation rank. The successful candidate receives \$100 at the time the award is made. The remaining \$200 are paid to him in instalments at the close of each term during Junior and Senior years. If a vacancy occurs during those years, the next in rank secures the benefit of the scholarship for the remainder of the time.

MINISTERIAL.

The income of these is to be appropriated for the aid of students preparing to enter the ministry of the Evangelical Trinitarian Churches.

SHEPLEY SCHOLARSHIP.

A fund of \$1000, given by the Hon. ETHER SHEPLEY, LL.D., of Portland, late Chief Justice of the Supreme Court of Maine.

MARY L. SAVAGE MEMORIAL SCHOLARSHIP.

A Scholarship of \$1000, founded by Rev. WILLIAM T. SAVAGE, D.D., of Quincy, Ill., in memory of his wife, MARY L. SAVAGE.

BENJAMIN DELANO SCHOLARSHIP.

A Scholarship of \$1000, bequeathed by the late Capt. BENJAMIN DELANO, of Bath.

AND EMERSON SCHOLARSHIPS.

A fund amounting at present to \$6,600, given by the Will of the late AND EMERSON, Esq., of Boston, through Rev. Dr. E. B. WEBB.

STEPHEN SEWALL SCHOLARSHIP.

A scholarship of \$1000 given by the late Deacon STEPHEN SEWALL, of Winthrop.

GENERAL SCHOLARSHIPS.

These are assigned at the discretion of the Faculty or President.

ALFRED JOHNSON SCHOLARSHIPS.

These Scholarships, three in number, of \$1000 each, were founded by the late Hon. ALFRED JOHNSON, of Belfast, in memory of his grandfather, Rev. ALFRED JOHNSON, one of the founders and earliest Trustees of the College, and of his father, Hon. ALFRED JOHNSON, one of the earliest graduates and Trustees.

WILLIAM SEWALL SCHOLARSHIP.

A Scholarship of \$1000, founded by Mrs. MARIA M. SEWALL in memory of her husband, WILLIAM B. SEWALL, Esq.

MARY CLEAVES SCHOLARSHIPS.

Three Scholarships of \$1000 each, founded by the Will of the late Miss MARY CLEAVES.

CRAM MEMORIAL SCHOLARSHIP.

This is a Scholarship of \$1000 founded by Hon. MARSHALL CRAM, of Brunswick, in memory of his son, NELSON PERLEY CRAM, of the Class of 1861, who lost his life in the service of his Country.

JAMES MEANS SCHOLARSHIP.

A Scholarship of \$1500, given by WILLIAM G. MEANS, Esq., of Andover, Mass., in memory of his brother, Rev. JAMES MEANS, Class of 1843, who died in Newbern, North Carolina, in the service of the United States.

CHARLES DUMMER SCHOLARSHIP.

A Scholarship of \$1000, given by Mrs. ALMIRA C. DUMMER, in memory of her husband, who was for many years a member of the Board of Overseers.

W. W. THOMAS SCHOLARSHIP.

A Scholarship of \$1000, founded by Hon. W. W. THOMAS, of Portland.

BUXTON SCHOLARSHIP.

A fund at present amounting to \$1500, contributed by citizens and natives of Buxton, Maine, through CYRUS WOODMAN, Esq., of Cambridge, Mass., in aid of deserving students, preference being given to natives and residents of Buxton.

PIERCE SCHOLARSHIP.

A Scholarship of \$1000, bequeathed by the late Mrs. LYDIA PIERCE, of Brunswick, in memory of her son, ELIAS D. PIERCE. The recipient is to be nominated by the President of the College.

BLAKE MEMORIAL SCHOLARSHIPS.

A fund of \$4000 bequeathed by the late Mrs. NOAH WOODS, of Bangor, in memory of her son, WILLIAM A. BLAKE, a graduate of the class of 1873.

BENEFICIARY FUNDS.

LAWRENCE FUND.

A fund of \$6000, given by Mrs. AMOS LAWRENCE, of Massachusetts. The income to be annually appropriated for the whole or a part of the tuition of meritorious students in Bowdoin College who may need pecuniary assistance, preference being given to those who shall enter the College from Lawrence Academy, at Groton, Mass.

BANGOR SEMINARY FUND.

A fund of \$1500, the income of which is to go to students or graduates of the Bangor Theological Seminary, or to persons named by the Bangor Central Church, who become students of this College.

THE AMERICAN EDUCATION SOCIETY.

Young men in need of aid, who are studying for the ministry of the Congregational Church, may be assisted by this Society to the amount of \$100 a year.

ANNUAL EXPENSES.

Tuition, \$75. Room rent, (half) average, \$20. Incidentals, \$10. Total regular College charges, \$105. Those who use the Laboratory of Analytical Chemistry are charged additionally at the rate of \$5 a term.

Board is obtained in town at \$2.75 to \$4.00 a week. Other necessary expenses will probably amount to \$40 a year. Students can, however, by forming clubs under good management, very materially lessen the cost of living.

Term bills are due at the end of each term, and if not paid at the beginning of the next term, interest will be charged. If payment is unreasonably delayed the bond will be put in suit. No student will be admitted to a higher class until all his bills due to the College shall be paid, unless for special and extraordinary reasons permitted to do so by the President and Trustees.

TERMS AND VACATIONS.

Commencement on the second Thursday of July.

Vacation, eleven weeks.

The First term begins Tuesday, eleven weeks from Commencement week, and closes on the Saturday preceding Christmas.

Vacation, two weeks.

The Second Term begins on Tuesday, two weeks from the close of the first term, and continues thirteen weeks.

Vacation one week.

The Third Term begins Tuesday, one week from the close of the second term, and continues till Commencement.

At the beginning of each term full College exercises begin on Tuesday morning. Lessons for that morning will have been previously assigned, if not otherwise, on the Bulletin Board Monday afternoon.

ABSENCE FROM COLLEGE.

It is of the utmost importance that students be present at College during every day of term time, and only an absolute necessity should warrant absence. Excuses for absence will be accepted only for imperative reasons, of the sufficiency of which the Faculty will judge.

When pecuniary necessity makes it unavoidable, students may, upon reasonable petition and by vote of the Faculty, have leave of absence during a portion of term time when actually engaged in teaching, or in literary or scientific pursuits.

ACKNOWLEDGMENTS.

MEDICAL SCHOOL OF MAINE.

THE MEDICAL SCHOOL OF MAINE, by an Act of the Legislature, is placed under the superintendence and direction of the Board of Trustees and Overseers of Bowdoin College. By their joint authority all the degrees of M. D. are conferred.

The 63d Course of Lectures will commence FEBRUARY 8th, 1883, and continue sixteen weeks. The introductory Lecture will be delivered at 3 o'clock P. M., by Prof. Charles O. Hunt.

ANATOMICAL CABINET.

Its valuable specimens of Morbid and Comparative Anatomy are constantly increasing. It has recently been thoroughly re-arranged and enriched by valuable purchases abroad.

The Chemical Department embraces every article of apparatus essential to a complete illustration of the principles of Chemistry.

Ample facilities are afforded for the study of Analytical Chemistry in the College.

CLINICS.

Clinics are held every SATURDAY MORNING during the second half of the term. Patients requiring medical or surgical advice and treatment may present themselves on Saturday mornings from 8 to 11 o'clock.

All examinations in the presence of the Class are made without charge. All surgical operations are gratuitously performed

TERMS OF ADMISSION.

Candidates for Matriculation will be required to give evidence that they possess a good English education. Those who are graduates of Colleges, Normal Schools, High Schools, or have passed the entrance examination to any recognized College, on presentation of their diplomas and matriculation tickets, will be exempted from examination. Examinations will be held on THURSDAY, FEBRUARY 8th, at 9 o'clock A. M.

The Fees for admission to the several Courses of Lectures, *payable strictly in advance, and by cash only*, are \$75. Matriculation Fee, payable each term, \$5.

Pupils who have attended two full courses of Medical Lectures, one of which has been in this School, are admitted to all subsequent courses without payment of any Lecture Fees.

Students who have attended two full courses at other regular Medical Institutions, are required to pay \$25 for admission to their first course of Lectures at this School, in addition to the Matriculation Fee.

The Graduation Fee, including the Diploma, is \$20.

No student will be allowed to attend any course of lectures in this School without the certificate of the Secretary. Members of the medical profession are cordially invited to attend the lectures at any time.

Graduates of other Schools, who have been engaged three years in the regular practice of medicine, may receive a general ticket upon presentation of their diplomas and payment of the matriculation fee. Every student is expected to remain till the close of the term.

EXAMINATIONS AND GRADUATION.

Students, and particularly candidates for a Degree, are examined either daily or weekly on the subjects of the Lectures. Especial attention is directed to the fact that members of the Faculty, in each department, hold gratuitous examinations on specified days of each week, upon the subject of the Lectures.

The Faculty, believing it to be desirable for students to pay especial attention to the primary branches during the first portion of their course of study, in order that they may be better prepared to appreciate the more advanced subjects in the latter part, voted six years ago, that any student might present himself for examination in Anatomy, Physiology and Chemistry (any or all), at the regularly appointed time for examination, provided he previously presented to the Secretary satisfactory evidence that, at the close of the current term, he had completed at least twelve months of actual study, and had attended a full course of lectures in this School. Those who are examined in Anatomy are required to present evidence that they have under competent instructors dissected not less than two parts. The same requirements will be enforced in the cases of those who are examined in this department at graduation. Three years ago they voted additionally that any student may present himself for final examination in Materia Medica and Therapeutics, and in Obstetrics, at the regularly appointed time for examination, providing he previously presents to the Secretary satisfactory evidence that, at the close of the current term, he shall have completed at least two years of actual study and have attended two courses of Lectures, the second of which must have been in this School. An official record of the result of the successful examinations shall be kept by the Secretary. The successful passage of an examination will not exempt a student from faithful attendance upon any exercises in any department during subsequent courses.

The examinations for the Degree of Doctor of Medicine are held by the Faculty of Medicine at the close of the course of Lectures. Degrees are conferred at Commencement.

The candidates must be twenty-one years of age, and must have devoted three years to their professional studies under the direction of a regular Practitioner of Medicine. They must have attended two full courses of Lectures in some regular, incorporated Medical Institution; and the last course previous to examination must have been at this School. They must deposit with the Secretary of the Faculty satisfactory certificates of good moral character, and of having pursued their medical studies for the required term. They must also pass a satisfactory written and oral examination in Anatomy, Physiology, Surgery, Chemistry, Materia Medica, Pharmacy, Obstetrics, Pathology and Practice. They must also present a Thesis or Dissertation on some medical subject, a fair copy of which must be deposited with the Secretary of the Faculty at least ten days before the commencement of the examination at the close of the Lectures. These copies

are preserved in the Medical Library.

Students on arriving should call at once on the Registrar of the College, Dr. Ellis, to enter their names, present their certificates, and purchase their tickets. They may also obtain from him all necessary information in regard to boarding houses.

Price of Board from \$3.00 to \$5.00 per week.

The foregoing is a brief statement of the means of acquiring medical knowledge which may be enjoyed at this institution. No efforts will be spared which may tend to render these means beneficial, and to promote the instruction of pupils in Medical Science.

By order of the Faculty,

ALFRED MITCHELL. M. D., SECRETARY.
