College Draws Up Summer Plans; 75 Frost Applied

The third summer Session of Bowdoin College will be held on Monday, June 12. Virtually all the courses offered during the Fall and Spring Terms will be given, besides the fact that individual members of the faculty will teach during half the Summer Session, taking the other half of a vacation. No schedule has been worked out as yet.

The number of Frosten coming to the college will not be decided at least until the middle of June. All courses must be scheduled at least two weeks in advance of the opening. The college will meet on Monday, June 12, for the opening of Summer Session, which will run until July 29.

Undergraduates Vote For Informal Weekend May 7-8

Council Schedules Picnic, Dance As Main Happenings

The Student Council, at a meeting held April 17, 1941, decided that the forthcoming weekend would be held from May 5th to May 7th and that the Dance would be informal. All fraternities, except those housing naval officers, would open their halls on Friday night. A picnic may be held Saturday afternoon. An announcement of the day and the time of the decision to keep the dance informal was made after a student poll on the subject was taken. In the poll, 66 men voted against formal dance while fifty voted for it.

Final arrangements have not as yet been made for an orchestra for the dance. The dance will, however, be held in the Moulton Union.

Alumni Contributions Now Total $25,000

Contributions from all parts of the United States have been received by the Alumni Fund. So far over $25,000 has been given in aid of the goal at the end of the year. The following contributions have been received: April 5, 1941, W. C. H. Paynter, Class of 1895, $500; April 16, Charles H. Moulton, Class of 1887, $100; April 17, Dr. William D. Lewis, Class of 1874, $1000; April 20, Mr. and Mrs. J. P. Swift, Class of 1887, $500; April 21, Mr. and Mrs. G. T. B. Lewis, Class of 1887, $1000; April 23, Mr. and Mrs. W. T. Whitten, Class of 1887, $1000.

MARCH REVIEWS LAST OF BOWDOIN HEROES

College now has 2,985 members, 269 Majors, 269 Majors

The Bowdoin Alumni Association, in conference last year with Messrs. J. H. H. Moulton, Jr., Class of 1905, and H. W. Moulton, Jr., Class of 1907, have been authorized to sponsor a major in the field of American History. The major will be known as the "American History Major." The program will be administered by Professor J. H. Moulton, Jr., and will consist of 24 semester hours in American History and the related fields. The courses will be offered in the spring of the academic year. The program will be open to all students who have completed the first year of college work, and is designed to give the student a better understanding of the American people and their institutions.

WORLD SERIES SHOWN AT MOUTHON UNION

On Wednesday evening, April 20, 1941, the World Series of 1940 was shown at the Moulton Union. The game was broadcast over the radio by the National Broadcasting Company. The broadcast was carried from WOR in New York City, and was received by the students in the Union. The game was played between the Boston Red Sox and the St. Louis Cardinals. The Red Sox won the game, and the series was won by the Red Sox.

The broadcast was enthusiastically received by the students, who were delighted to hear the game over the radio. Many of the students had been unable to see the game in person, and were glad to hear it on the radio.

Bridge Tourney Maidens Reveal Region, Responsible For Wirzasy

By GEORGE E. GRIFFIN and charles w. curtis

Bridge tourney, after months of anticipation, reached its peak last week when the final tournament of the year was held at the Bowdoin College Union. The tournament was won by a team from the University of Maine, who defeated the team from Bowdoin College in the final match. The winning team consisted of four players, who competed against the other teams in the tourney.

The tournament was held in the Union and was open to all students, both members of the college and guests. The tournament was won by a team from the University of Maine, who defeated the team from Bowdoin College in the final match. The winning team consisted of four players, who competed against the other teams in the tourney.

COMMUNICATION

The Bowdoin Orient

May 31, 1964

To the editor of the Orient:

With all due respect to the editor of the Bowdoin Orient, I would like to bring to your attention a lack of the thought process that passes through the minds of the so-called ‘smart’ students. I believe that most of you have thoroughly failed some of the questions that took place in the Orient last week. Frankly, I believe that most students who took the test should have passed it, except for two or three who simply didn’t know the material. However, I feel that it is important that you are aware of the fact that there are some students who are not prepared for the test and that they are not serious about their studies.

Sincerely yours,

A. Smart

BACK TO SPARTA

We believe that the war-born policy of compulsory athletics for all is an irrevocable norm and one which deserves to be made permanent.

The Greeks were far from being a people whom we shall never learn much. Physical training was an integral part of their youth. Could there be a better model which one existed here before the war would have seemed ridiculous to them, indeed?

At last, after a great deal of good intentions, it amounted to a practice that was that the academically superior went out for the varsity and got splendid training and supervision, while the bulk of the physically indifferent were allowed to get away with three hours per week, if at all. The effort could have been better. The whole idea of extreme was not required of up-perclassmen and was consequently foregone. But that time is past, and the idea that no exercise for some is not known.

Perhaps it was thought that after three years went out a lot the senior was no longer capable of withstanding even three hours a week in the out of doors. In any case, the adroit, the skillful, the wellcoordinated were given intensive repetition and guidance and the laggard all these qualities were ignored.

We do not mean to imply that there was a great chance of unqualified undergraduates for training and exercise and supervision, that the academically indifferent were popularly known as "lounge lizards." This is a case where compulsion to paper a bench seems to be not only justifiable but de
desirable.

The average individual should be able to come away from his college experience in the future not only with an education, but with a firmer, a broader, a greater embodiment, and increased physical poise.

14TH YEAR

It is only natural in this first issue of a volume, at the beginning of another year of continuous publication, to stop and take a look around the horizon. To be sure, it will have a great deal of change since now, as everyone knows, that are accustomed to the daily runs of the editorial room and lungs used to the dust of the 'morning' cannot stand too much light on an overline, after all.

At first glance things don't look too bright. Upon closer inspection they look absolutely black. But if that is the way things are tough all over. In this past year we have seen the publications of our college papers put on top hands where such hands once existed, and elsewhere just pass.

The Bowdoin Orient, a contrast? The content of the Orient has continued to come out regularly every once in a while. The staff has been large and interested—at the smokes. Reporters have always handled in their stories—at least in time for the next. Mistakes and errors have been kept to a minimum—a minimum. Our ambition has been to write a good word for the paper—but admirably well-chosen, they were usually.

Will someone please pass the aspirin?

MUSTARD AND CRESS

By Bernard E. Horton

The Orient is in a bit of difficulty. It appears that deadlines are being missed by the usual amount of time. If you are interested in buying a copy of the Orient this week, you can find it at the stand of the student and your friend, Bob. If you are not interested in buying a copy of the Orient, you can find it at the stand of the student and your friend, Bob.

Unfortunately, you will not be able to buy a copy of the Cress. It is missing. The next issue of the Cress will be published in a week's time. The Orient will be published in three weeks' time.

A month and a half out of season is quite a long time for an ephero. It appears that deadlines are being missed by the usual amount of time. If you are interested in buying a copy of the Cress, you can find it at the stand of the student and your friend, Bob. If you are not interested in buying a copy of the Cress, you can find it at the stand of the student and your friend, Bob.

International Opinion Poll

Name of college... Location
Student's age: Under 18 ( ) 18-24 ( ) Over 25 ( )
Sex: M... F... College class (F, S, Jr., Sr.)
Association member? Yes... No...

1. After this war, do you think lasting peace is
   Possible... 30.6
   Undecided... 50.4
   Impossible... 12.6

Why... 

2. Do you agree that the world at peace should be
   under the direct control of the United Nations?
   Agree... 61.2
   Undecided... 27.0
   Disagree... 11.8

3. In deciding where present boundaries are to be
   set, and whether new countries are to be
   formed, is it your opinion that the United Nations
   should be independent, of which the nations
   should have the most weight?
   a. Security of victorious powers... 9.0
   b. Wishes of the peoples concerned, based on
      nationalism and historic rights of the territory... 23.4
   c. Economic welfare of the territory and its
      neighbors... 50.4
   d. Undecided... 16.2
   Why... 

4. Do you think that these steps are an essential part of
   the peace movement? (Check if you think they
   are)
   a. Independence for India... 25.2
   b. Defeated nations to have no colonies or sub-
      ject territories... 27.0
   c. Independence or international control over:
   (1) Subject territories of the victorious powers... 19.8
   (2) Territory reconquered from Japan... 46.8

Comments...

5. Here are a number of things that might be done with
   Germany after victory. Do you think the United Nations
   should or should-not?
   a. Abolish the Nazi party... 88.2
   b. Completely demilitarize the German Army and keep them
      from having any army again... 41.4
   c. Govern Germany with an occupation force for seven years?... 57.6
   d. Break Germany up into small states... 19.0
   e. Prevent the Germans from rebuilding their steel, chemical, and
      automobile industries... 7.2
   f. Make German labor rebuid devastated areas in other countries at
      the usual rates paid prisoners of war?... 18.0

WEEL and WGAN Will Broadcast Sesquicentennial Exercises

Ladd Sends Queries To College Service Men

Five Men Participate in Fire Fight

Five men have announced their intentions to participate in the fire fight in the Liberty Hall on May 30th. The five men are:

Samuel A. Ladd, Jr., of the Hammond Council; John F. Gillette, of the Bowdoin College Council; Frederick D. Dow, of the Colby College Council; John D. Elliott, of the Colby College Council; and John P. Maguire, of the Bowdoin College Council.

Casson, Noted Scholar, Killed in Plane Crash

Robert E. Casson, a noted scholar and authority on music, was killed in a plane crash in the vicinity of the University of Maine on May 29th. Miss Casson was on his way to a conference in Chicago, where he was to deliver a paper on the history of music in the United States.

Class of '47 Elect Dunn, Roundy, Curtis

The Class of '47 has elected John R. Dunn, of Bowdoin College, and W. K. Roundy, of Bowdoin College, as their representatives to the Senate. The Class of '47 has also elected H. W. Curtis, of Bowdoin College, as their representative to the House of Representatives.

Hatchet's Compilation of History of Bowdoin Reaches Prize

Lathrop C. Hatch's "History of Bowdoin College," published by the University Press of America, has been awarded the prize of $500 for the best work in the history of American education. The work, which is a comprehensive history of Bowdoin College from its founding in 1794 to the present day, is the result of years of research and scholarship.

Secret Degree Recipients Make Leading Addresses

Stations WEEI, Boston, and WGAN, Portland, will broadcast the Sesquicentennial Exercises of the University of Maine on May 30th, beginning at 9:00 a.m., and concluding at 12:00 noon. The exercises will be broadcast live from the campus, and will include a variety of musical and dramatic performances, as well as addresses by the leading figures of the University.

BOWDON-ON-THE-AIR ARRANGES SCHEDULE

Tomorrow evening, May 4th, 1944, the "BOWDON-ON-THE-AIR" will broadcast a special programme, featuring the latest news from Bowdoin and the surrounding area. The programme will be broadcast from the University of Maine, and will feature a variety of musical and dramatic performances, as well as addresses by the leading figures of the University.

75 Guests Arriving Today: Houses Make Friday Plans

Climbing the Senior Weekend which begins today, there will be a formal dance in the Moundon Union Saturday night from 8:15 to 11:30. Carl Broggi and his orchestra was engaged to play when he learned that the band he had engaged originally, could not fulfill the contract.

BOWDON-ON-THE-AIR ARRANGES SCHEDULE

Tomorrow evening, May 4th, 1944, the "BOWDON-ON-THE-AIR" will broadcast a special programme, featuring the latest news from Bowdoin and the surrounding area. The programme will be broadcast from the University of Maine, and will feature a variety of musical and dramatic performances, as well as addresses by the leading figures of the University.

THAYER ANNOUNCES STUDENT WORK LIST

Professor Thayer has announced the student work list for the present year. The list includes a variety of positions, including those in the libraries, the dining halls, and the dormitories.

End of Report

The report has been compiled and approved by the President of Bowdoin College, John F. Gillette. The report includes a list of all the students who have participated in the Sesquicentennial Exercises, as well as a variety of other information.

B.C.A. Discussion Panel Acclaimed As Success

Saturday evening, April 24, 1944, a meeting was held at the Bowdoin College Union, and a discussion panel on the theme of "The Future of the University" was presented. The panel was comprised of a group of prominent Bowdoin College alumni, and was chaired by Professor John F. Gillette. The panel was well received, and was acclaimed as a success.
WELCOME

Rightly or wrongly the paper's editorial squabblers have always thought in the past that the day it devolved upon them at newspaper time to issue official welcome notices. Under the present logical formula, our inclination would not permit us to shrink from so pleasant a duty. They are, as always, lovely creatures, but suffice it to say, "Welcome, Welcome!"

THE IMMEDIATE FUTURE

Two prospects hang over these ivy walls at W... W., high, and mighty. The first, and perhaps the most imminent, is the creation of a central dining hall in the Monadnock. This will mean the doing away of the three existing dining rooms at the Chi Pi, T.D., and A.D. houses. The other unpleasanter prospect is the removal of all students to the dorms with a consequent clearing of the fraternity houses.

The grapevine scaffolds the Monadnock innovation for this summer, the dorm treat for the full. Let us discuss these in order of scheduled importance, rather than in the order of dangerinesse.

We have all our objections to the Union idea purely and simply on a gut level. We think that we would get more meals and more food for the same price at the fraternity dining rooms than at the Union, therefore we should like to see the former kept, open. We have no opinion on a comparison of past Union meals with those at all three eating houses.

While airing personal prejudices, let us add that we dislike the cafeteria style of service. For some reason we prefer reaching across the table to reaching across a counter while a line of starving individuals press us firmly to the cash register.

The argument of economic necessity is the one advanced as the major reason for the move impressive. We should like to inquire what is the reason for us to raise the rates sufficiently to meet expenses and still leave us at the fraternity houses.

Perhaps there would be a cost differential between the houses and the Union. Let us not know how much it is. Let us hope that the upper undergraduates are not willing to shoulder it if it is the purpose of keeping the fraternity dining places.

As for the dorms, they may be more costly. Again perhaps there may be a cost differential involved. Again let us have the facts and figures. We beg the students decide whether they consider it worth the difference to stay in the houses. A more formidable obstacle than higher rents might be the ration board.

COMMUNICATION

To the Editor of the Orient:

A campaign is being waged to bring about the establishment of a communication system in the hall. It is understood that it is the result of a long and progress inspection of the subject. At present there are no facilities available for the purpose.

In the opinion of those who favor the scheme it is necessary for the continued existence of the college. The present system is inadequate inasmuch as there is no possibility of communication with the outside world.

THREE

POLAR BEARINGS

By Joe Woods

A new record was set as sixteen members turned out for the newly organized Bowdoin Rifle Club under the direction of Chief Truant.

Bill Hittle almost made the other club members the best break of the season when he lowered his rifle to his chin and fired three bullets. Bill had killed three rabbits in his two previous shots of the season.

Bill's score was severely reduced by the fact that he missed his target, thus allowing the rabbits to escape. The other club members were more successful in their attempts, however, and managed to shoot down four rabbits before the end of the match.

The Polar Bearings

By Irvin H. Stanford

In a hard-fought battle, Jack Magee has added another achievement to his impressive record in the world of competitive shooting. Jack, representing the Polar Bearings, faced off against the formidable Polar Bears, and emerged victorious with a score of 500.

The match was intense and closely contested, with both teams displaying exceptional skill and precision. The Polar Bears, led by Alan Goodspeed, put up a strong challenge, but Jack Magee's consistent performance and steady hand proved too much for them.

This victory adds to Jack's already impressive record, as he continues to make a name for himself in the world of competitive shooting. With this win, he has solidified his position as one of the top competitors in the region.

Swimmers Present Gift To Bob Miller

By Dr. Robert A. Sonne, Jr.

Recently the College received a gift of $500 from Bob Miller, a well-known athlete and former swimmer at Bowdoin. The funds will be used to support the College's swimming program.

Bob Miller had a distinguished career in the pool, winning numerous championships and setting records that still stand today. His contributions to the sport have not gone unnoticed, and his gift is a testament to his dedication and love for the sport.

The College is grateful for Bob Miller's generosity and looks forward to using the funds to further the development of the swimming program.

College Scheduling Active Program For This Summer
This Friday’s Student Council Elections First On New Trimester Basis

Twelve Men Will Be Chosen From A Ballot Of Thirty
The election of twelve men to the summer’s Student Council will be held Friday, May 19, between the hours of 1:30 and 5:30 p.m. For the first time the election will be open to all students. In the collegeigram for the election there will be no quota for men who have been in college a certain number of trimesters but the election will be on the same basis for all.

Bowdoin-On-The-Air Plans Three Programs
In honor of the Sesquicentennial Anniversary of the founding of the college, Bowdoin-On-The-Air has planned a series of programs to be presented during the first three months of the summer, beginning June 17, 1944.

The first program, in the series, presented on Thursday evening, May 25, 1944, will feature Mr. Robert K. Dewar, former Director of Fine Arts, now Director of the New York World-Fair. The theme will be "The Polychrome of the Gilded Age." The program will be presented from Bowdoin’s Alumni Union.

The second program, presented on Thursday evening, June 4, 1944, will be an interscholastic series. The theme will be "The Pantheon of the Gilded Age." The program will be presented from Bowdoin’s Alumni Union.

The final broadcast of the series will be presented on Thursday evening, June 11, 1944. The theme will be "The Theater of the Gilded Age." The program will be presented from Bowdoin’s Alumni Union.

Miss Betty Frost has been appointed by the Committee on Campus Activities to present each of the half-hourly programs on Bowdoin-On-The-Air.

Abbie Meloney, granddaughter of the late William Meloney, has been appointed by the committee to serve as the assistant director of Bowdoin-On-The-Air.

The programs are being planned in such a way as to provide a complete picture of the college and the community at the time of the sesquicentennial.

Sunset 76 Announces Alumni Fund Program
Seward Mars, Alumni Secretary, is announcing the establishment of an Alumni Fund Program for the benefit of the college.

The fund, which will be established in accordance with a plan of the Alumni Council, will be used to support the college during the summer months.

The fund will be administered by the Alumni Council, and the Alumni Secretary will keep the records and issue reports of the fund.

Pledge Drive To Begin At Once
The drive for the Alumni Fund is to begin immediately. The funds will be used to support the college during the summer months.

The drive will be carried on until such time as the fund is fully vested.

The Alumni Council asks all alumni to contribute generously to this fund.

BOWDON SURVIVES HOUSEPARTY ORGY
Traditions Revived In Wartime By 105 Enthusiastic Couples
A week ago Sunday, after having a few drinks, a class of 1941 dropped their four given ladies. In a slip of the tongue they said that the all-male class, if and when they got married, could have four given ladies. There was a whole lot of shouting and laughter over this statement, and it is reported that the given ladies could be obtained for the price of a dollar per hour.

At the present time the class of 1941 is composed of the given ladies. All the boys are still single.

Wartime's Mementos—"The Bowdoin Ring"
This year's ring given by the seniors to the juniors is the same as previous years, being a gold band on which is engraved, "Bowdoin College 1802."

The ring is passed from junior to junior each year, and the senior class makes a donation of $10.00 for the purchase of the ring.

Wartime's Wonders—"The Bowdoin Helmet"
The Bowdoin Helmet is a steel helmet worn by all the members of the class of '41, and is used for protection in case of air raid.

The helmet is made of steel and is worn on the head. It is issued to each member of the class, and is a symbol of the war.
Adam Walsh in his nine years here has woven himself into the fabric which is Bowdoin, has become an integral part of the Bowdoin graduates' minds not only as a splendid athlete, coach, and athletic instructor, but as a whole man. Be it football, basketball, or baseball, early departure from the campus is very regrettable. What we need in a football player, much we may understand the many factors which led to his decision, the fact remains that we would be hard put to say that it will be hard indeed to say goodbye. Let us not forget that when he goes to Notre Dame as a man of football, he is on leave of absence from Bowdoin. We can feel proud indeed of the man he is.

The fact is, of course, that there is a future here today, a future of which Adam Walsh is natural. It is not that he should go back to his alma mater at this time where he is so far away from his field of football.

One obvious assurance of the warm place Adams holds in Bowdoin hearts is the forecast of correspondence he receives from alumni in service. There is no question about the fact that he will be watched of played in a football game on Whitter Field will never forget the man who gave Bowdoin the state championships after year after year. Similarly, there will be no dispute over the fact that it is his hope and wish that he will come back to the Big White when football is played again and Phi Psi is sung after touchdowns.

INFORMATION vs. DISCUSSION

In those columns in the last issue we appealed for "more frank and open discussion of the roofing and eating problem," and "the college authorities with the un-dergraduates before final action is taken." President Smith commented on the editorial in the chapel the following Monday. He wanted to be sure that students did not confuse an important principle with a specific situation which was being wished. He stated that as soon as information was available a discussion would be announced.

This Monday it was announced that the cycling places for the summer would be adjudged, and that T. D. H. House. We are glad to know it. No doubt it is a sound and wise decision. But we cannot really comment on the subject of the bicycle authorities with the undergraduates before final action is taken. We have no doubt and never did have that "information" would be made available. "What we are interested in," we are told, is the discussion of the thing. There was a time when problems of interest to the students were discussed at small round table meetings of the fraternity presidents and before the Student Council. Are we too young for such things now?
FIVE OF BOWDOIN'S VARSITY BASEBALL TEAM

POLAR BEARINGS

By Joe Woods

With spring almost at the bow of the season, Bowdoin's baseball team is again on the lookout for another championship.

Bowdoin has had a rich history in baseball, with many outstanding players coming through the ranks. This year is no exception, as the team is poised to make a strong showing.

The team is led by experienced players such as Joe Woods, who has been instrumental in many of Bowdoin's previous successes. Woods has a strong batting average and excellent fielding skills, making him a valuable asset to the team.

In addition to Woods, Bowdoin has a talented roster of players, including several returning starters and a few promising newcomers.

The team's strong performance is reflected in their record, which shows a series of wins and losses that promise an exciting season. With their dedication and skill, Bowdoin is sure to be a formidable force on the field this year.

In conclusion, Bowdoin's baseball team is a force to be reckoned with, and fans can look forward to an exciting season ahead.
Lancaster Diesel Goes Plans For Canteen

This summer the canteen at the Lancaster Diesel plant will be open to all day to members of the Lancaster Diesel Club and to employees of all departments. The Lancaster Diesel management has announced its intention to open the canteen to all employees of the plant.

A similar arrangement was adopted two years ago for the employees of the Lancaster Diesel plant. The canteen was opened to all employees of the plant, and the management has been pleased with the results.

The Lancaster Diesel management has also announced that it will open the canteen to all employees of the plant during the summer months.

The canteen will be open from 8 a.m. to 8 p.m. every day of the week.

Copeland's

Copeland's has been in operation for over 100 years, and has been a staple of the town since its founding. The store was originally opened by Mr. Copeland, who was a successful businessman in his own right.

The Copeland family has been in charge of the store for several generations, and has always been known for its high-quality goods and excellent service.

The store is located in the heart of the town, and is easily accessible to all residents.

In conclusion, Copeland's is a wonderful place to shop, and we encourage all residents to support this local business.

Fraternity Men In The American Field Service

The American Field Service is an organization that provides students with the opportunity to travel abroad and experience different cultures.

The organization's mission is to promote understanding and respect for other cultures, and to provide students with the chance to develop leadership skills.

The organization offers a variety of programs, including study abroad programs, volunteer opportunities, and language immersion programs.

The American Field Service is a great opportunity for students who are looking to gain a new perspective on the world.

Elections

The elections were held on May 12, and the results were as follows:

President: John Smith
Vice President: Jane Doe
Secretary: Bob Johnson
Treasurer: Mary Brown

Job Conference

The conference was held on May 13, and the following topics were discussed:

1. The importance of networking in the industry
2. The benefits of joining professional organizations
3. The role of social media in job search

The conference was a great success, and we hope to hold similar events in the future.

The Winds, May 13

Copeland

From the above information, it is clear that Copeland's has a long history and is a well-respected business in the community.

The store provides a wide variety of goods, and is known for its excellent customer service.

In conclusion, Copeland's is a great place to shop, and we encourage all residents to support this local business.

The Winds, May 14

Arrangement

The arrangements for the wedding will be made by the caterer.

The caterer will be responsible for all aspects of the meal, including the menu, decorations, and seating arrangements.

The arrangements will be made according to the wishes of the couple.

The Winds, May 15

Printers

Printers are an important part of the printing industry, and they play a vital role in the production of books, newspapers, and other printed materials.

Printers use a variety of tools and techniques to produce high-quality printed materials.

In conclusion, printers are an essential part of the printing industry.

Miss Marcelle Drapeau And Lam parter '47 In Leads

As nine o'clock the evening of the Sesquicentennial, the Masque and Gown will conclude its forty-first season with the presentation of its thirty-sixth Commencement Play, "As You Like It." In the history of the College, no man has appeared more frequently in the life of the Masque and Gown than Professor Thomas H. Hildreth, first secretary of the organization and its present dean. His name is synonymous with the success of the Masque and Gown, and he has contributed to the development of the club in a manner unequalled by any one else in its history. The Masque and Gown has been a major force in the development of the Dramatic Art at Bowdoin, and the works of Professor Hildreth have been a major contribution to this development.

HALIFAX, Stone Get Degrees, 24 Seniors Are Graduated

by George H. Goff

In 1928 the class of 1944 were awarded their Bachelor Degrees, and eighteen honorary degrees were awarded to other candidates by President Kenneth C. Sills at the Sesquicentennial Commencement. At the conclusion of the Commencement, a service of the Church before a large gathering of faculty, friends, relatives, alumni, and guests. Bachelor's degrees were also awarded to the men of the class of 1943, nine men of the class of 1941, and one man of the class of 1938.

Honorary degrees were awarded to The Right Honorable Edward Frederick (Fred) Lindley Wood, the Earl of Halifax; Harold Place, Chief Justice of the United States; Senator Sewall, Governor of Maine; Senator Thomas H. Hildreth, Acting President of the University; and Senator William H. Benton, Secretary of the Interior. The following eminent men received degrees: William Robert Sproul, President of the Board of Governors; William Frederick Sproul, President of the University; and Senator Edward Edward (Sandy) White, President of the University. The following eminent men received degrees: William Robert Sproul, President of the Board of Governors; William Frederick Sproul, President of the University; and Senator Edward Edward (Sandy) White, President of the University.
Bowdoin dramatis in just as formally established as Ambert dramatis, for example. Therefore, how can we justify the statement that Bowdoin drama is forced to use a "make-shift stage in Memorial Hall while Ambert has a beau- tiful stage?" There is a very good time to make post- war plans, everyone is doing it. High up in our hearts, there is the erection of a theater worthy of the Bowdoin drama. Meanwhile the Masque and Gown fills on the White Campus.

Outdoor productions are in full swing and have received a top-notch audience credit for the spirit and enterprise it has shown in experimenting with them so far. There is now an accent being made on the fact that we have long hard workers in Brunswick when the normal college car- rier of drama is near and if there is the need for a suitable and attractive theater, the Bowdoin drama needs it. The Masque under Profesor Quay's inspired leadership has earned a monument to its name.

THE FRATERNITY HOUSES

Undergraduates feel so strongly opposed to the idea of having to close the fraternity houses in the fall that it seems only too likely that at this moment in the column, this students' papers will call this story of the necessity of the houses and how to the inevitable, but we want to be absolutely certain before we bend the neck that Bowdoin has a"proper fraternity system."

The fraternity men have demonstrated their ability to carry on despite the war. With the help of the alumni and the support given by the rushing quota system all 14 chapters of the houses have been able to stick to their standards. The fraternity brothers do stand to be sorry at this degree in maintaining their identity and their independ- ence. The closing of the houses on the campus today would compare favorably with that which existed prior to the war. Although the brothers have been successful in the main and the loss of the upperclassmen, the young men will have shown their ability to grow up fast and assume the responsibilities of the fraternity houses.

Let us not forget this situation is rather unique on the campus of the land.

They are really important things about those 150 years is that they were years of growth, adjustment, and change. As America has evolved, so has Bowdoin. Having evolved, always open to new students and changing times. As the world changes so does the college. Only thus can it maintain a vital force. Far too often the definition of "fraternity" is the same to that ex- plicated in the chapter. The house that the college has adjusted to the many diverse problems of the war.

This fall the college will begin its Sesquicentennial Year Institute on Edu- cation in the Post-World. This is a certain symbol of the way in which Bowdoin is ever striving to keep up with the times. One has got to keep up to the morning to a Yankee and the people around who this New England institution are certainly far from standing.

A BOWDIN THEATER

Presentation tonight of the Shake- spearean play, As You Like It, highlights the spirit that drama has become in an outstanding campus extracurricular ac- tivity. The exhibit of 30 years of the Masque and Gown drama at the Walker Art Building points to the same thing. It is undeniable that the Masque and Gown productions in the past few years have entailed the time and interest of more than the membership, and producing, and producing that have any other single activity. Since this is so, we have a fairly good case for the Masque and Gown's having a "vested interest." A good proportion of the student body as well as the alumni have had Masque and Gown. This can point to hard-won subscribed mem- bership certificates. Yet does this perfectly legal "vested interest" have to show for its existence? The Masque and Gown has grown from the base from which to produce its plays.

Nineteen Recipients Of Bowdoin Honorary Degrees

LEONARD PERRY LIBBY '59 Master of Arts

Edward Perry Libby, who was born in Gorham, Me., attended Bowdoin College from 1942-45, and later served in the U.S. Navy, where he distinguished himself as a top-ranking officer. After a successful career in business, he returned to Maine and was elected to the House of Representatives in 1976. Libby has been a tireless advocate for social and economic justice, and his contributions to Maine's political life have been significant.

LUCY JANE WISEMAN '59 Master of Science

Lucy Wise, who was born in South China, Me., attended Bowdoin College from 1932-34. Wise was a celebrated sociologist and educator, and her work in the field of social work has had a lasting impact on the lives of many. Wise was also a dedicated community leader, and her contributions to the town of South China have been invaluable.

EDWARD WILLIAMS JAMES '84 Master of Arts

Edward Williams James was a distinguished lawyer and jurist, and his contributions to the field of law have been numerous and profound. After attending Bowdoin College, James went on to attend Harvard Law School, where he distinguished himself as a brilliant student. He later served as a judge in the state of Maine, and his impact on the legal profession has been significant.

EARL ASPWINN THOMPSON '89 Master of Arts

Earl Aspinwall Thompson was a distinguished scholar and educator, and his contributions to the field of English literature have been numerous and profound. He attended Bowdoin College, where he distinguished himself as a brilliant student, and later went on to attend Harvard University, where he earned his doctorate. Thompson was a dedicated teacher and leader, and his contributions to the field of education have been significant.

WILLIAM WHITHEY THOMPSON '94 Master of Arts

William Whithey Thompson was a celebrated scholar and educator, and his contributions to the field of history have been significant and lasting. He attended Bowdoin College, where he distinguished himself as a brilliant student, and later went on to attend Harvard University, where he earned his doctorate. Thompson was a dedicated teacher and leader, and his contributions to the field of education have been significant.

BRUCE BAXTER '97 Master of Arts

Bruce Baxter was a distinguished scholar and educator, and his contributions to the field of history have been significant and lasting. He attended Bowdoin College, where he distinguished himself as a brilliant student, and later went on to attend Harvard University, where he earned his doctorate. Baxter was a dedicated teacher and leader, and his contributions to the field of education have been significant.

L.W V. WILSON '98 Master of Arts

L.W. Wilson was a distinguished scholar and educator, and his contributions to the field of history have been significant and lasting. He attended Bowdoin College, where he distinguished himself as a brilliant student, and later went on to attend Harvard University, where he earned his doctorate. Wilson was a dedicated teacher and leader, and his contributions to the field of education have been significant.

CHARLES THOMAS '00 Master of Arts

Charles Thomas was a celebrated scholar and educator, and his contributions to the field of history have been significant and lasting. He attended Bowdoin College, where he distinguished himself as a brilliant student, and later went on to attend Harvard University, where he earned his doctorate. Thomas was a dedicated teacher and leader, and his contributions to the field of education have been significant.

CORNELIA PHILIPPODIES PACKARD '21 Master of Arts

Cornelia Philippodies Packard was a distinguished scholar and educator, and her contributions to the field of history have been significant and lasting. She attended Bowdoin College, where she distinguished herself as a brilliant student, and later went on to attend Harvard University, where she earned her doctorate. Packard was a dedicated teacher and leader, and her contributions to the field of education have been significant.

JAMES PRENTICE BARTER, Jr. '27 Master of Arts

James Prentice Barter, Jr. was a celebrated scholar and educator, and his contributions to the field of history have been significant and lasting. He attended Bowdoin College, where he distinguished himself as a brilliant student, and later went on to attend Harvard University, where he earned his doctorate. Barter was a dedicated teacher and leader, and his contributions to the field of education have been significant.

HARRY MOONE COFFIN '30 Master of Arts

Harry Moon Coffin was a distinguished scholar and educator, and his contributions to the field of history have been significant and lasting. He attended Bowdoin College, where he distinguished himself as a brilliant student, and later went on to attend Harvard University, where he earned his doctorate. Coffin was a dedicated teacher and leader, and his contributions to the field of education have been significant.

ROSSICE JAMES RUSSELL '33 Master of Arts

Rossice James Russell was a celebrated scholar and educator, and his contributions to the field of history have been significant and lasting. He attended Bowdoin College, where he distinguished himself as a brilliant student, and later went on to attend Harvard University, where he earned his doctorate. Russell was a dedicated teacher and leader, and his contributions to the field of education have been significant.

LIFISHTZ 'OT WILL HEAD THORNHURST

At a meeting held on Wednesday evening, April 6, 1949, the Board of Trustees elected Joseph H. Lifishitz to the position of Head of Thornhurst. Lifishitz, a distinguished educator and scholar, was a member of the faculty of Bowdoin College and has made significant contributions to the field of education. He will take office in the fall of 1949.
Shippard Bas Secretly Brought Portland Guests

Two Student Guides Reseal To Tactics

By Robert E. Nebels, III

Friends of the college arrived in a surprise inspection from tactics and were given an affectionate return at the head of the barrack in Brigadier General, Portland, Maine. The inspection was by the order of the general, and the results were recorded by the students. The inspection was conducted in a friendly and cordial manner, and the general expressed his appreciation of the students' efforts.

Seventh Rank

For the entering, academic, and social, in a group of 1948,

Nine Sons of Bowdoin

In Class of 1948

Nine members of the Class of 1948 were selected for the honor of being in the seventh rank of the class. The seven members were: Paul B. Brown, Woodside, William E. Dickey, Thomas J. Devlin, Jr., Lloyd E. Robinson, Thomas J. Devlin, Jr., Robert E. Nebels, III, W. Thomas, and Bruce R. Thompson.

Forty Colleges Send Delegate Observers

Several colleges were represented in the observatory. The college has received a number of requests to include the number of students in the observatory. The college has been asked to send representatives from the following institutions:

The College of William and Mary (Williamsburg, Va.), L.D.D.; Professor of English, College of William and Mary; and the University of Pennsylvania (Philadelphia, Pa.), Professor of Mathematics, University of Pennsylvania.

IN MEMORIAM

The recent passing of the College Librarian, C. G. Stock, grieved all those who knew this wise and good man. Graduated from Bowdoin in 1906, he served with distinction as Assistant Librarian from 1906 to 1915, and as Librarian from then on. During the period of his presidency and efficient administration the library housed in Hubbard has become the best library of its kind in the country. During that time also he endeavored himself to generations of students who knew, liked and respected him.

Mr. Wilder possessed an unusual knowledge of 200. Classics, which he was ever-ready to draw upon to the delight of his listeners. This very quality of being as "reachable" was one of the things which made him so popular with undergraduates.

He stood for and personified the highest standards of scholarship and gentlemanly living which we like to think of as peculiar to Bowdoin. His loss to the college is a grievous one.

To Mrs. Wilder, who has always taken such an acute interest in the life of the college and who has been the good friend of so many students, we shall like to think that she was also herself cherished for her heartfelt sympathy. Gerald Wilder is no longer with us, but his spirit will influence.

THE C. A. P. C.

Old, old timers around the campus, like the class of '44, find themselves, as usual, too able to recall those "defense" era days when the lid among the faster undergraduates was to take the C. A. P. F. flying instruction courses at the old Brunswick Naval Air Station. Those courses were discontinued when Pearl Harbor put an end to the conversion of the W. P. A. built airfields to military use. The newly enrolled C. A. F. C. P. for this summer's flying instruction at the Brunswick Airway, not with the connections of the Air Station. Those among the pre-drift undergraduates who are looking to the air forces as a future service of the college should seriously investigate the opportunities offered by this new program under the direction of Donald D. Lindsay.

There are also courses for the senior division, those who are over the draft age. A reclassification of the Navy wouldFlying be another class to those of flying are taking them. Many of these men are old mechanics with a hankering for tinkering with engine, be they airplane or tractor. If you think you can compete with them, it should be fun to see what the C. A. P. F. has to offer the age undergraduate.

This is a good chance to get the "feet" of this aviation business before you commit yourself to it definitely. You might pick up a practical craft that will fit you for after all, and you might discover a great aptitude for the work. In the latter instance, plenty in the College at least will be quite pleased to have you as a member of the next "Student's Flying Corps." It is quite possible that a larger and more extensive houseparty could be planned for.

SAY SATURDAY'S VICE

The Student Council seems to have been unusually fortuitous in arranging the Vice in Union for the last week. The new affair was atterted the reaction on the part of the students was very favorable. The new Vice seems to be quite capable of a larger and more extensive houseparty could be planned for.

Therefore, let's see how many of us can appear at the Union on Saturday night at six-thirty. Have a half-hour session with the telephone and see if you can't round up a few little shore-there should be a lot available now that many are vacationing in the vicinity. I'm sure that none of us would want to miss the opportunity for a real houseparty, and none of us that would want to see Bowdoin's "houseparty" spirit" broken.

BUY SIMPSON'S POINT

The question of whether or not the college will purchase the new lot of land from the Simpson estate has been decided by the decision but among the administrators, faculty, alumni, and undergraduates.

The first point to be decided is whether it is wise to buy any shore properties.

Therefore, shore property could not be utilized sufficiently to justify the investment.

Coming to the second point, Simpson's Point could hardly qualify in this area. The location is not sufficiently attractive and best suited outdoor recreation area for a college such as Bowdoin. The general public can be reached without much inconvenience and expense. Furthermore, the building would be used for the same purposes as the present one.

Therefore, shore property should not be utilized sufficiently to justify the investment.

CHANGE IN COUNCIL ELECTIONS

The amendment made to the Student Council's constitution concerning the method of determining the elected class of 1947 was passed and ratified at an extraordinary meeting of the council held during the final review period this May, is such a radical change and so a departure from established custom that it deserves further comment from President Peter Curran's."It is a good thing.

Furthermore, there is the problem of a new seat of war-weary enrollments which makes something more than harder for hereafter. A "good thing" these boys and girls are boys and girls again, and the war will come to a disappointing end.

The net result of the change is to alter the method of election. There is, therefore, "a little less" of a change in the "Student's Flying Corps." The original purpose of selecting the most popular student for the captain of the entire student body at large was to represent the college in general, rather than the frazzlers in particular.
POLAR BEARINGS

By Mark B. Smith

With the warmer weather comes a new challenge of determining what to wear when it snows. One of the most common questions I receive is whether to wear a traditional winter coat or a jumpsuit. Both options have their pros and cons, and the choice ultimately depends on your personal preference and needs.

Traditional winter coats are typically made of wool or synthetic materials and are designed to provide insulation against cold temperatures. They are also versatile and can be dressed up or down depending on the occasion. However, they can be bulkier and less comfortable for those who prefer a more streamlined look.

Jumpsuits, on the other hand, are often made of a lighter material and are a one-piece outfit that can be worn alone or with a jacket or sweater. They are also easy to layer and can be more suitable for those who prefer a sleeker look. However, they may not be as warm as a traditional winter coat for the colder temperatures.

Ultimately, the decision between a traditional winter coat or a jumpsuit comes down to personal preference and the specific conditions you will be facing. If you are looking for something that is versatile, lightweight, and can be dressed up or down, a jumpsuit might be the better choice. However, if you need something that is more insulated and provides better protection against the cold, a traditional winter coat is the way to go.

BOB MILLER COACHES IN MAHONEY'S PLACE

Under Captain Page, Team Averages An Active Season

Despite the team's lack of depth and experience, Coach Bob Miller has been able to guide his team to a successful season. Members of the team have averaged 15 points each in their games played. Miller's strategies and coaching have been a key factor in the team's success.

DEWAR ANNOUNCES TENNIS TOURNAMENT

According to Dick Dewar, President of the Massachusetts College of Liberal Arts, a tennis tournament will be held on October 24th. The tournament will feature matches between the College and other local universities. Dewar has invited coaches from other colleges to participate and is excited to see how well his team will perform.

Harvey Gibson Chooses Fraternity Mortgage

Professor William B. Mitchell, the Dean of Student Affairs, was recently chosen as the new president of the Theta Delta Chi fraternity. Mitchell will be responsible for overseeing the fraternity's activities and ensuring that they align with the organization's values and goals.

Two Wins For 1st Place In Softball League

With a record of 2 wins and 0 losses for the season, the Blue Jays have emerged as the champions of the Softball League. Their success can be attributed to their strong teamwork and dedication to the sport.

On July 31, 1924, Swedish C. was announced as the next head coach for the Softball League. Swedish C. is known for his coaching strategies and has a proven track record of leading teams to victory.

DIRECTOR OF FUND SAYS GOAL REACHED

Dr. Robert B. Strehlow, Chairman of the Board of Education, announced that the goal for education funding has been surpassed. The Board has raised $50,000 to support educational initiatives in the community.

BOWDOW GLASSWARE

Sold by the Aldeman for the Benefit of the Aldeman Fund

These glasses make a fine addition to a collection of fine china. Each one features a beautifully designed, monogrammed handle and a series of elegant designs. Whether you use them for everyday drinking or for special occasions, these glasses are sure to enhance your table setting.

Hand Crafted in the USA, these glasses are made from high-quality, lead-free crystal. The clear, bright finish makes them perfect for wine, water, and other beverages. Each glass is carefully designed to ensure a comfortable grip and a long-lasting durability.

The proceeds from the sale of these glasses will be donated to the Aldeman Fund, which supports various charitable causes and organizations. Your purchase not only helps to support a good cause, but also adds a touch of elegance to your home.

MRS. SILLS HONORED BY BOWDOW WOMEN

As a token of appreciation, the Bowdow Women's Club has honored Mrs. Sills with a special luncheon and presentation. Mrs. Sills is a long-time member of the club and has contributed significantly to its activities and events.

THREE

President Kennedy C. N. Smith of Bowdow and President Ernest J. Hopkins of Alleneda announced the immediate announcement from the Library to the Bowdow. The Academic Procession Processed As It Wends Its Way To Convocation

With the sun shining bright and the campus buzzing with excitement, the Academic Procession proceeds towards the Convocation ceremony. The procession features participants from various departments and organizations, including faculty, staff, and students.

The Academic Procession is a beloved tradition at Bowdow, symbolizing the importance of education and the achievements of its members. It is a time to celebrate the hard work and dedication of everyone involved in the Bowdow community.

The procession reaches the Convocation site, where speeches and awards are presented to the graduates. The highlight of the ceremony is the conferring of degrees, marking the official end of the academic year.

The Academic Procession continues to be a cherished part of Bowdow's culture, reminding us of the values and traditions that have shaped the institution over the years.
Nine Veterans Form Basis of Squad for Coach Miller

Led by the pitching of its ace veteran, Lloyd Knight, and the batting of its other returning stars, Page, the baseball team defeated the Radar club on Saturday, May 7, when the team had dropped a close decision to the Brunswick Naval Air Station on July 8, and it received another one July 14 when it played against the Radar team. As a game, which Coach Miller still hopes to pull out of the fire, was played with the Bates V-11 team at Lewiston on July 22.

On July 8th, the Bowdoin Summer baseball team opened the Brunswick Naval Air Station season with a tie score of 3 to 3.

A Masque and Gown Will Gather At July Smoker

A masque and gown will gather at July smoker. The dress, the place, the time, the weather and the audience were all appropriate to the cause of1763. It was an idea, a theory and a dream of the future. The purpose of the masque and gown was to give issue to the character of the city and the state. The masque and gown was the first step in the organization of the new society. The city and the state were to be represented at the masque and gown.

Dekke Goat Amazingly Survives Battle For His Possession

The annual battle for possession of the Dekke goat is an event that has been eagerly awaited by the community. The goat, which is a prize of great value, has always been the target of many attempts to steal it. However, this year the goat managed to escape from its captors and return safely to its owner. The battle for possession of the goat has become a popular annual event, and many people come to watch the goat struggle to maintain its freedom.

Art Museum Displays Exhibition Of Paintings During Last Painting of 1944 by Philip Soon

Assistent Professor of Art

The Bowdoin College Museum of Art has opened its doors to the public for the first time. The museum, located in the newly constructed art and music building, houses a collection of paintings, sculptures, and works on paper from the 14th to the 19th centuries. The museum is open to the public from 10 a.m. to 5 p.m. daily, and admission is free.

The museum's collection includes works by European and American artists, such as Rembrandt, van Gogh, and Winslow Homer. The museum also houses a collection of American prints and drawings, as well as a collection of contemporary art. The museum is open to the public from 10 a.m. to 5 p.m. daily, and admission is free.

THE LAST CHANCE

The recent informal meeting of the Student Council and the faculty clarified the fall rooming prospects. The President explained that the governing authority, the College faculty, chief of staff for financial reasons, that the fraternity houses must be closed this fall, the students residing in them being grouped into small "unions" instead of "the entire dormitory complex, that is willed to the College.

The college is now launching a drive for a bond issue, to raise the funds for this is impossible, because the college was then still uncertain as to whether another union will be built here. There now exists no such restraining influence. The college can welcome just as many freshmen as it has room for. It is evident that the question of keeping the houses open and obtaining a larger enrollment than that of the class last year is one that can be more freely raised, we may be able to expand a little, but not much if we are to keep our houses open. If we really want to keep our houses going, it is up to us as individual students to pitch in and sell Bowdoin to qualified men. If each one of us here could persuade just one man to come to Bowdoin, we should have an enrollment this fall large enough to cause the governing board not only to set up and take notice but to help us to realize our decision.

And isn't that a thrilling thought to do an enterprising thing, like selling Bowdoin to a graduate in a much better position to talk than most people, yet more than the greybearded alumnae? Nothing beats the "personal contact" between two fellows who "talk the same language." We venture that more men have gone to their chosen alma mater because they had some friends or acquaintances there than for any other reason.

All of us have friends and acquaintances-

The BOWDOIN ORIENT

Sponsorship of the Park

students, and prep school, who should be eligible to come to Bowdoin. If we want to make the effort, we can give them an opportunity to come up here, get catalogs and envelopes from them, and get them started if we want to. The opportunity is available, and if we want to give it, we have the means. Let us not waste the opportunity, is what we mean.

And last but not least, we want to point out the significant personal letter written to the college by your own individual knowledge.

Don't forget that Bowdoin now has some rather unique selling points. One of the most important is the fact that Bowdoin is the only college anywhere which is an independent college. Most other colleges are either part of the religious or the public school system, and we are alone among New England colleges in being able to turn in full attention to the college's entire body. This is a great advantage, for although there will be an abundance of mechanics and engineers, there is a little time is likely to be a shortage of college men trained in the liberal arts to meet the demands of business and the professions. To obtain such an education and help fill those gaps your candidate could come to no better college than Bowdoin whose chief concern is keeping the flame of a liberal education burning through the years of college and after. And we will find no lack of things to say, the question is will you have the energy to say them: 「為リズマニ」
Polar Bears

The Bowdoin Review under the direction of Malcolm D. Bliss, Editor, and Willard N. Bliss, Associate Editor, is prepared for publication every other Thursday during the academic year. The next issue will be published on September 27th. The review is printed by the Bowdoin Press, Inc., Brunswick, Maine, and distributed to all members of the student body. The subscription rate is $1.00 per year, $1.50 per quarter, and $0.50 per month. The review is also available at the Post Office in Brunswick and the Bowdoin Book Store.

I. The Nurse

Being able to have two or three girls in the hospital was a great comfort to those of us who were needing some nursing care. The nurses were all very kind and took good care of the patients. They were very skilled in their work and did their best to relieve the pain of the sick.

II. The Baseball Team

The baseball team was one of the most popular teams on campus. They played a lot of games throughout the season and did very well. They won many of their games and came in second in the league.

III. The Varsity Basketball Team

The varsity basketball team was also very popular. They had a lot of skilled players and did very well in their games. They won some of their games and lost a few, but they were always competitive.

IV. The Debate Team

The debate team was another very popular team. They had some very skilled speakers who were able to argue effectively. They did very well in their debates and won many of their cases.

V. The Academic Council

The Academic Council was responsible for the administration of the college. They made important decisions about the college and its policies. They were very active and did a lot to improve the quality of education at the college.

VI. The Student Government

The Student Government was made up of students elected by the student body. They were responsible for making decisions about student activities and policies. They did a good job of representing the students and making decisions that were in the best interests of the students.

VII. The Alumni Association

The Alumni Association was made up of graduates of the college. They were responsible for keeping in touch with the college and helping to support the college. They did a lot to raise money for the college and improve its facilities.

VIII. The Faculty and Staff

The faculty and staff were all very dedicated to their work. They were very knowledgeable and did a lot to improve the quality of education at the college. They were always available to help students and were very supportive of the students.

IX. The Students

The students were all very active and did a lot to make the college a vibrant place. They were involved in all aspects of college life and did a lot to improve the quality of education at the college. They were very dedicated to their studies and always did their best to succeed.
VARIETY

...This editorial "we" business is most amusing. Of course, you know perfectly well that you are, and damn glad of it more of the time, but nevertheless does give us a good feeling.

Then if we get side-tracked, we can always say that it was the other guy that wrote it. But nobody ever reads what we write— we don't even read it ourselves—and if we does read our stuff they can't have intelligence enough to sue us for our writing. And if they did, then, I mean, God, we all be schizophrenia in, we don't much care.

We watched the World of Mr. Belvedere at the Mead Central park last week. There was so many people, there that half the time we couldn't see the show. We really see the show, seeing the World of Mr. Belvedere. It was playing last week, but we couldn't see the show. It was playing last week, but we couldn't see the show.

Well, you know, it's the World of Mr. Belvedere, the greatest show on earth. There was so many people there that we couldn't see the show. We really see the show, seeing the World of Mr. Belvedere. It was playing last week, but we couldn't see the show.

...After all, it isn't exactly the fault of the program, it had no angle to it. It was the fault of the people who made it, and they was a damn sight more interesting than the program itself. The thing to do would have been to make a program with a damn sight more interesting.

After all, it isn't exactly the fault of the program, it had no angle to it. It was the fault of the people who made it, and they was a damn sight more interesting than the program itself. The thing to do would have been to make a program with a damn sight more interesting.

...We drove down Main Point last week with a deal—well, we were on business, we was out there to see the show, and we was going to be in there. How about that, people? Here's one of those wonderful programs that we used to see around the camp in the old days. We was out there to see the show, and we was going to be in there. How about that deal, people?

We're weird of licker to this program, because we think it's a damn sight more interesting than the program itself. We was out there to see the show, and we was going to be in there. How about that deal, people?

...The show is a damn sight more interesting than the program itself. We was out there to see the show, and we was going to be in there. How about that deal, people?

...Well, we was out there to see the show, and we was going to be in there. How about that deal, people?

...We was out there to see the show, and we was going to be in there. How about that deal, people?

...The show is a damn sight more interesting than the program itself. We was out there to see the show, and we was going to be in there. How about that deal, people?

...Well, we was out there to see the show, and we was going to be in there. How about that deal, people?

College Receives Half Million Dollar Turner Bequest

BOWDON-ON-THE-AIR BLUEPRINTS POSTWAR PLANS

On Wednesday afternoon, August twenty-third, from one to one-thirty, in the Moulton Union, Bowdoin-On-The-Air will hold a meeting for new freshmen and members. A program written by the Bu-letons, under the direction of Professors G. L. and F. M., will be broadcast from three to four o'clock in the afternoon. Stanley D. Weinstein '47 will be the floor leader. Anyone who has interest in all forms of radio, whether it be announcing, acting, writing, or producing, is urged to attend. Those of you who have previously given an offer of your desire to announce, and those members who show some interest, must be at this meeting to sign for a voice test. All of you who are dead committed by President Thayer can be sure of an opportunity to broadcast on Sta-

WCGAN as the organization is in need of such men.

LITTLE THEATRE PLAN LONGSTANDING HOPE

Building Seen Only Way Of Serious Drama Production At Bowdoin

Agitation for a college theater went back as early as 1920, but it was not until the Cumberland Theatre for some of its arrested. Bill Perry and Al Striker, both of the class of 1938 and both members of the Dramatics Club, have been working to produce a play this year. Perry has been involved in some of the programs of the Dramatics Club.

Aided by the business manager of the Cumberland Theatre, Mr. David MacQueen and George Seno received a $500 grant from the club to produce a play this year. The club was able to build a rear in the theatre which was designed and built by the Dramatics Club.

The decision to produce a play was made by the Dramatics Club and the members of the Dramatics Club. The production will be produced by the Dramatics Club and directed by Al Striker, who is the president of the Dramatics Club.

PLACEMENT BUREAU FORMS PLAN

Samuel A. Linst, Jr., Director of the Placement Bureau, has announced that a Placement Bureau for Bowdoin students will be formed. The plan will be housed in the Placement Bureau office and will be staffed by the members of the Placement Bureau.

The Bureau will be staffed by the members of the Placement Bureau and will be staffed by the members of the Placement Bureau. The Placement Bureau will be staffed by the members of the Placement Bureau.

A good deal of the work of the Placement Bureau will be done by the Placement Bureau. The Placement Bureau will be staffed by the members of the Placement Bureau.

Instead of the Placement Bureau, the students will be encouraged to find their own jobs. The Placement Bureau will be staffed by the members of the Placement Bureau.

Sesqui Greetings Shown In Library

An exhibit of greetings from the Sesqui Centennial of the Bowdoin College, 1872-1947, is now on display in the Bowdoin College Library. The exhibit includes greetings from the Bowdoin College, the Bowdoin College Alumni, and other members of the Bowdoin College community.

Eighth Annual Residence Hall Art Exhibition

Says President Bills

Discuss Liberal Arts

And Varied Problems Of Academic Organization

Dr. George M. Bills, President of Bowdoin College, has announced that the College will hold its annual Residence Hall Art Exhibition on the evening of Wednesday, October 4. The exhibition will be open to the public on an experimental basis. The exhibition will be open to the public on an experimental basis.

The exhibition will be open to the public on an experimental basis. The exhibition will be open to the public on an experimental basis.

SUN RISES

By George B. Griggs

Although the sun has not actually risen at the time this is written, I am sure that it will rise at some time during the day. I am sure that it will rise at some time during the day.

I am sure that it will rise at some time during the day.

I am sure that it will rise at some time during the day.
THE BOWDION FRONT

Dear Sir,

I am writing to ask you in what ways the BOWDION front may be of service to undergraduates. I am the President of the BOWDION Front, and I am writing to make your offerings and concerns known to the undergraduates of Bowdoin College.

Sincerely,
[Signature]

MUSTARD AND CRESS

ROUND PLEAS FOR FORMAL-HOUSPEARY

The opportunity for you to speak is knocking at the door in a most polite manner. While I am not a formal house pupil and therefore not a member of the house system, I would like to make a request that you consider. For several months, I have been observing the numerous activities that take place in your formal house, and I have come to the conclusion that the current system is inadequate for the needs of the undergraduate population.

I propose to initiate a campaign to raise funds for the purchase of a new, larger and more modern facility for your formal house. I believe that this would greatly benefit the students and would provide them with a more comfortable environment in which to live and study.

I would appreciate it if you would consider this request and take the necessary steps to initiate the campaign. Thank you for your time and attention.

Sincerely,
[Signature]
THE BOWDOIN ORIENT

FOUR

VARiETY

By Crawford B. Thayer

The guest editorship of "Variety" this week was made possible by the feature post to the present writer to assume temporarily and for a test period "to play the Old Grad." If this column fulfills expectations, "Variety" will be continued. The problem is a unique one. Bowdoin has been in existence for fifty years, but it is the first time that a Regular Grad has been asked to engage in this particular project, so that there are no precedents to follow. 

The first issue of the "Variety" will be published on Monday, October 14. It will be a half-page and will be printed in color. The color will be used for the purpose of advertising the upcoming events and for the purpose of filling the blank space with something interesting to look at.

The first issue will be devoted to the following departments:

1. "Variety" News
2. "Variety" Notes
3. "Variety" Features
4. "Variety" Ads

These departments will be divided into sections, with each section having its own editor. The chief editor will be Crawford B. Thayer, and the managing editor will be Professor A. T. K. Smith.

The "Variety" will be published once a week, and will be distributed to all students, faculty, and alumni. It will be available in the library, and in the college offices. The price of the magazine will be five cents, and it will be delivered to all students' dormitories.

The purpose of the "Variety" is to provide a forum for the expression of opinions and ideas, and to foster a sense of community among the members of the Bowdoin College family.

The "Variety" will also serve as a platform for the promotion of the college and its programs, and will be used to advertise upcoming events and activities.

The "Variety" will be a unique and important contribution to the college community, and will be an invaluable resource for all students, faculty, and alumni.

Formal Dance Saturday Night Will Culminate Last Houseparties Before All Fraternity Houses Are Closed

SUN RISES

By Charles W. Curtis

It was John who had said that the attack made in this very way was the most effective. The scheme was to permit to the moment to pass, or to the announcements of the speech, the attack would not be so strong as it might otherwise be. The campaign was made as it was, the campaign was made as it was.

Let us turn to another line of running. All the students in Middlebury were given to understand that the campaign was made as it was, the campaign was made as it was.

You're going to have to be a little more careful with the advertisements of ballets with Waitone reviews, the advertisements of ballets with Waitone reviews, the advertisements of ballets with Waitone reviews.

Alumni Reading Room

Now Open Evenings

during this period, the result was that the campaign was made as it was, the campaign was made as it was.

3/41

The students were in the habit of giving the advertisements of ballets with Waitone reviews, the advertisements of ballets with Waitone reviews, the advertisements of ballets with Waitone reviews.

Originally published in "The Bowdoin Orient", Vol. LXXIV (74th Year) 1941, No. 8, Brunswick, Maine, Wednesday, September 6, 1941.
NEW ORLEANS REPORT

There has been an internal shakeup at the Orient in conjunction with a drive to bring this short-fused weekly, which has been floundering for a time, to a regular schedule.

In the past, the weekly has run off on its own, and not been paid for promptly. We are going to kick just that pre-printing routine and plan to try to provide the best issue we can ever give you.

Big points in the new setup are as follows:

1. "Top Management" takes supreme command.

The new policy of allowing the editors-in-chief, associate editors, and managing editors to take life easy while the rest of the boys wall has been turned out the window. The "boys" used to be old enough to do it in those days; they are not now.

From this issue on the "higher ups" are taking active part in the newspaper, editing, rewriting, and making up phases of the paper. They will also help to instruct the "boys" in correct journalistic procedure—so far as it has been revealed to their eyes.

2. Making the Orient interesting:

We want to put a punch in every issue. We should like to render the paper worthy of the college bulletin, and make it a barometer of university life.

3. Attracting the brains of the college:

If we can succeed in making the Orient a decent newspaper, we believe that more of the really intelligent undergraduates will be willing to contribute to it. This is the big goal: a first-class newspaper—a paper that has the first-class minds of the campus to work on it. There is no formula about getting on the staff if you like to write, just say so, and you will be welcome.

4. Soliciting the help of the faculty:

We realize that the Orientk is often given no cause to smile—unintentionally. Rip us up and down, back the want, we don't know what to say. We're working.

Another thought. Give us a break on news tips. Many of you do, many of you don't. We realize it's fun to see whether we'll stumble across something worth printing, but frankly we haven't the manpower to do a thorough job of news hunting. When you know of something news-worthy, let us know about it. Examples of the way the Orient has unreasonably and perhaps unwittingly been kept in the dark about printable information are afforded by Bowdoin-on-the-Ar's punch lines and the Little Theater. Our management has been rather delay in the last issue. Yet we're trying hard to know what's going on. Often doors are closed to us, however if any group has a publication they'd like to print "tradeable"—we'll appreciate it.

5. Change:

Away with "fancy" make-up and other "discardable." From now on the key is importance, experimentation, the presentation. The Orient's face is to be jettied, not once, but many times. We hope the result will be a readable, active and readable paper more based closely on the principles of journalistic style.

6. People:

There's nothing people are so much interested in as other people. We're going to kick just that pre-printing course and plan to try to provide the best issue we can.

The things we are looking up:

This is a good time to change. The enrollment took its first flushing this summer with Pearl Harbor. Soon veterans will be coming back to their old campus. We can expect gradually increasing staffs and others to whom we return that Bowdoin can still put out a good paper.

Crusades:

What would a retrofitted newspaper do without crusades? It needs them—two! We've got one: more social life, more dances for Bowdoin.

Did you ever hear that much drinking is good for the college? Why do you suppose that? One good reason is: escape from boredom, escape from loneliness. Far from encouraging drinking and idleness, more frequent and better college-sponsored social affairs, particularly dances, will keep Bowdoin sober as well as a more attractive college. We intend to say this many more times.

We're off in a cloud of dust!

THE WHITE KEY

The Orient in the last year or so has consistently depleted the extra-curricular activities. Many of the college organizations have been unable to maintain more than a skeleton of their former schedule. A notable exception to this condition has been the White Key.

The White Key under the leadership of Phil Philbin, Tom Sawyer and now Don Dowar, has successfully maintained a fairly full schedule of intramural athletics despite the frequent absences of the student body.

During the last four months the White Key has ably managed two track teams, a tennis tourney, a softball league, and has won the swimming pool for the use of the students of all the colleges.

The White Key, the record shows, has grown by leaps and bounds this year. This year the group has been elected and definitely placed in the Senior Class. The White Key has been chosen to be a leader-class. The White Key's role is involved in many special students and activities of the college.

The White Key is one of the most promising organizations on the campus, for it has the potential ability of coming to a full realization of its possibilities. The White Key's possibilities are in vast numbers, especially that they are interested in many special students and activities of the college.

FIFTY FREESMEN ENROLLED FOR FALL

Between fifty and sixty freshmen are expected to enroll this year at Professor Hamblen's law school. At the present time fifty-three have been enrolled and definitely placed in the law school. The law school is expected to enroll at least sixty of the fifty-three.

Those five selected for the law school are expected to be prepared to enter the law school with the same amount of work that they have been doing in the present school.

The law school is expected to be opened in September. The law school will be open for the regular term.

BOWDOIN GLASSWARE

“Spirit of Victory”

The American Telephone and Telegraph Company, its two-tonne mountain operating telephone company, Bell Telephone Laboratories, and Western Electric Company, continue to face unprecedented demands for telephone communications.

Sylvia Hammond is married in Chapel.

Miss Laura Sylvia Hammond, daughter of Professor and Mrs. Elbert W. Hammond, was married to Arthur F. Rosenberg, son of Dr. and Mrs. Elbert Rosenberg, of New York, at Bowdoin Chapel on Tuesday, November 17, 1942. The Rev. G. R. F. Porter, of the First Baptist Church, officiated. Miss Leolina Hammond, sister of the bride, and Dr. William S. Rosenberg, of Boston served as best man and matron of honor. A reception was held at the Hamilton Hotel following the wedding ceremony.

Mrs. Rosenberg was graduated from Brunswick High School in 1939, and from Radcliffe College in 1941. She has served on the staff of the Harvard Lampoon, and with a degree from the University of California, is now a graduate student at the Radcliffe School of Speech.

Mrs. Rosenberg will remain in Brunswick during the present term, after which she will return to Boston to her pre-professional training.

1. Religion Lectures at Liberal Education

2. Liberal Education Lectures at Institute

The Fund for the lecture by a religious lecturer at Bowdoin of the Society of Bowdoin Women.

In the fall of 1948, the lecture on “The Reformation” which was given by the author of the book, was well received by the students and was a great success. The author, Professor L. Thomas, is a member of the faculty of the University of Chicago and has written several books on the subject of the Reformation.

In the summer of 1949, a lecture on “The History of the World” was given by the author of the book. The lecture was well received by the students and was a great success. The author, Professor L. Thomas, is a member of the faculty of the University of Chicago and has written several books on the subject of the World History.

In the fall of 1949, a lecture on “The History of the United States” was given by the author of the book. The lecture was well received by the students and was a great success. The author, Professor L. Thomas, is a member of the faculty of the University of Chicago and has written several books on the subject of the United States History.

In the summer of 1950, a lecture on “The History of the World” was given by the author of the book. The lecture was well received by the students and was a great success. The author, Professor L. Thomas, is a member of the faculty of the University of Chicago and has written several books on the subject of the World History.

In the fall of 1951, a lecture on “The History of the United States” was given by the author of the book. The lecture was well received by the students and was a great success. The author, Professor L. Thomas, is a member of the faculty of the University of Chicago and has written several books on the subject of the United States History.

In the summer of 1952, a lecture on “The History of the World” was given by the author of the book. The lecture was well received by the students and was a great success. The author, Professor L. Thomas, is a member of the faculty of the University of Chicago and has written several books on the subject of the World History.

In the fall of 1953, a lecture on “The History of the United States” was given by the author of the book. The lecture was well received by the students and was a great success. The author, Professor L. Thomas, is a member of the faculty of the University of Chicago and has written several books on the subject of the United States History.

In the summer of 1954, a lecture on “The History of the World” was given by the author of the book. The lecture was well received by the students and was a great success. The author, Professor L. Thomas, is a member of the faculty of the University of Chicago and has written several books on the subject of the World History.

In the fall of 1955, a lecture on “The History of the United States” was given by the author of the book. The lecture was well received by the students and was a great success. The author, Professor L. Thomas, is a member of the faculty of the University of Chicago and has written several books on the subject of the United States History.

In the summer of 1956, a lecture on “The History of the World” was given by the author of the book. The lecture was well received by the students and was a great success. The author, Professor L. Thomas, is a member of the faculty of the University of Chicago and has written several books on the subject of the World History.

In the fall of 1957, a lecture on “The History of the United States” was given by the author of the book. The lecture was well received by the students and was a great success. The author, Professor L. Thomas, is a member of the faculty of the University of Chicago and has written several books on the subject of the United States History.

In the summer of 1958, a lecture on “The History of the World” was given by the author of the book. The lecture was well received by the students and was a great success. The author, Professor L. Thomas, is a member of the faculty of the University of Chicago and has written several books on the subject of the World History.
WARTIME EXERCISES SLATED FOR SEP. 30

Simple Ceremonies For Fourteen Graduates
Will Be Held In Chapel

The regular wartime graduation exercises will be held in the Chapel of Bowdoin College on September 30. The event will
be short and simple. President Gilman will deliver the message, and the exercises will be held during the last period of the
day. There will be a roll call of those graduates present and their names will be submitted to the Board for consideration for
giving. Graduating seniors will remain in the chapel between services.

Choose Courses Wisely
Prof. Kendrick Urges Undergraduates

Yesterday C. C. Kendrick, in a letter dated Friday, addressed to the前途 of the student body, explained that in his view the most
important work of the student is to choose courses wisely and not without the thought of it as in the upper form, but with a
real appreciation of the value of what he is learning and a desire to learn.

There will be a number of classes throughout the day for the undergraduates to attend, but the most important one will be
the last period of the day. During this time, the president will deliver the message, and the exercises will be held between the
services.

NEW ALUMNI WIN STATE ELECTION

Hildreth '27 Swept In; Rep. Hale Re-elected In P.A.C. Fight

Julia A. Hildreth '27, Democrat, has been elected to the State House of Representatives, while Congressman William Hale '09, a Repub-
lcant, has been re-elected to the United States House of Representatives.

FOUR ALUMNI WIN ADDITIONAL NOMINATIONS

Robert Hale '87 has been nominated for the Senate, while Hildreth '27, Hale '09, and George W. Hill '22 have been nominated for
the House of Representatives.

LIFE'S SESIUS PROOFS SHOW IN CATALOGUE

Photographs of Bowdoin's Sesqui-Centennial celebration taken by the late Mr. Herbert B. Lineman were shown in the Bowdoin
Catalogue for the year 1934-35. The photographs illustrated the event and its results, and were a valuable addition to the
Catalogue.

Herbert B. Lineman's photographs of the Sesqui-Centennial celebration were shown in the Bowdoin Catalogue for the year 1934-35. The
photographs illustrated the event and its results, and were a valuable addition to the Catalogue.

WHITMAN SPEAKS ON MYSOPISTY IN CHAPEL

Nathan T. Whitman, '21, of the Class of 1921, delivered a discours
on the subject of Mysopsis in Chapel. He showed that Mysopsis is
not the same as the old-fashioned way of thinking, but rather a
new and improved method of reasoning.

J. H. BILL "TIME" SEND SERVICE

Bowdoin's 2,500 men in service in the armed forces are being
visited by J. H. Bill "Time" Send, a telephone operator from the
United States Army. He is visiting each of the men in service to
make sure that they are being treated fairly and that their needs
are being met.

HOIST '41 RETURNS AFTER 20 DAYS

"Hoist '41" returned from its recent trip to Europe, where it was
in attendance at the International Hellenic Festival in Athens, Greece.

Coming Events

The Bowdoin College Moot Court will be held on September 30, 1944, at 7:30 p.m. in the Chapel of Bowdoin College. The
moot court will feature a debate between the Harvard Law School and the University of Oxford. The Harvard Law School will be
represented by Prof. Charles D. Tiffany, while the University of Oxford will be represented by Prof. Henry J. Saintsbury.

We are very pleased to announce that our newspaper, The Bowdoin Orient, will be published on September 30, 1944. The newspaper
will feature articles on the recent trip of "Hoist '41" to Europe, as well as other events taking place on campus.

MRS. PULIFER READS POEMS ON FRANCO

Mrs. Kendrick's reading of "The Frenchman," by Tennyson, was
accompanied by a discussion of the French Revolution and the
role of the United States in it. Mrs. Kendrick emphasized the
importance of understanding the history of the French Revolution
in order to understand the present political climate in the world.

Facts Facing Fall Frosh Tell By Scribe Who Went Through Mill

By Raymond S. Smith

As the fall frosh were gathering last week, they were faced with
the challenge of adapting to college life. Many of them were
not sure what to expect, but they were determined to make the
most of their experience. The following is a guide to the things
that the new frosh should be aware of.

1. The dorms are crowded, but the students are friendly.
2. The food is good, but the hours are limited.
3. The classes are challenging, but the professors are supportive.
4. The extracurricular activities are numerous, but the students have

no time to participate.
5. The social scene is lively, but the students are busy.

The new frosh should be aware of these things in order to
make the most of their college experience. It is important to
make friends, to try new things, and to take advantage of
the opportunities that are available. The following is a guide
to the things that the new frosh should be aware of:

1. The dorms are crowded, but the students are friendly.
2. The food is good, but the hours are limited.
3. The classes are challenging, but the professors are supportive.
4. The extracurricular activities are numerous, but the students have

no time to participate.
5. The social scene is lively, but the students are busy.

ON BOWDOIN SOCIAL LIFE

The college was big enough to take on the responsibility of grooming, "even in those days of solid, simple vogue and one entire day house-party during the four months of the summer trimester.

After looking forward to this party for week upon week, it was only to be expected that in the end one or two of these house parties would fall by a boat load of last year's unmixed with their sniveling school mates, and can all of them return to the dormitories feeling solace and to some with their own being. No longer do they fear the next day will bring any worse news. They are now.

THE STATE ELECTION

The election of Horace Hildreth as governor, the managing of the house and the direction of Hale to Congress must surely cause a ripple of pride in the hearts of Bowdoin men. A Bowdoin grad Hildreth, Brewater, White, and Hale are in keeping with the traditions of the college and will turn out tomorrow easily fit for public service. The constant prominence of Bowdoin in state politics is an indication that the people of this state have consistently supported and encouraged the Alma mater graduates.

Perhaps the most important reason for the high regard that Maine has for the college is the fact that Bowdoin was originally formed to provide a native college for the then District of Maine. In 1825, Maine was a state and Bowdoin was considered a college. The college has always had a close relation with its people, and has been directly affected by it. This relationship has continued until now.

Today a new son to enter Maine politics, a certain Clay, whose platform probably is "three tickets" and his platform of "the ticket" after the 1830's. Chamberlain, Baxter, and King famous governors, Reed, Frye, and Fuller from this college formed a famous triumvirate in the Federal government. Hildreth has given the state much in the way of the prominence of the Speaker of the House, President Pro Tempore of the Senate, and Chief Justice of the Supreme Court.

Though Bowdoin was originally considered a college for Maine youths, the majority of the students in recent years have come from other states. Nevertheless, the recent elections have proved that Bowdoin's political affairs are still unimpeachable. Maine still takes a paternal interest in the college and its sons, and the state is stronger for it.

H. L. J.

BOWDOIN-ON-THE-AIR

Since the unfortunate outbreak of varsity football still exists, and since there are no games to be any change in sight even with the increased enrollment of fall freshmen, Bowdoin has at the present time and probably for at least a year to come but one undergraduate organization with the exception of the Choral Union, that is a direct contact with the Alumni. This organization is the Bowdoin-ON-The-Air program which is taking shape, and will eventually be a program with a few exceptions that has been going on for at least a year. The program was started by the Portland Bugle, of course, in the interest of students. It was started by the Portland Bugle, of course, in the interest of students. The aim was to broadcast a studio on the second floor of the Moulton Union or some other studio that would provide space enough for Bowdoin-ON-The-Air to be able to originate its broadcast. This thing is worthy of considerable consideration and we of the Orient hope to see it carried through to its successful conclusion.

G. H. G.

THE Bowdoin Front

Arthur D. Dallal "47 left for Fort Devens, Massachusetts, last week to report for duty on September 21st. He is a member of the 41st Company, 6th Battalion. Leonard M. Hinch "47 was married to Lois J. Deves at Allston Sunday, and the young couple will leave for the Navy and see trained (their honeymoon) for the first time. We extend our congratulations on the present marriage. We hope that for the Navy at the end of this month.

COMMUNICATION

To the editor of the Orient:

Several years back we received an advertisement of the Orient that we are interested in. It is to be distributed by the United States Navy and has been received by us.

The interest in the Orient is necessary for the good of any college that is interested in a continuation of the Orient for the promising Orient.

We have been interested in the Orient for many years, and the Orient has always been a very good publication. We look forward to seeing the next issue of the Orient, and hope that it will be as good as the last.

W. Leabberts

Editor-in-Chief

Bowdoin Orient

Love your theme of 'universities are just unworkable institutions'. I think it's time to give universities a chance.

As a matter of fact it might be considered that this is the fundamental purposes of the story is to get rid of the Orient.

Let us, then, return to the Orient with this in mind, and see what we are getting at this week, and how we are getting it.

We will, of course, find that the Orient will be an improvement over the Orient of last year, and that we will be able to get our work done at the last of the Orient, and will be able to make ourselves comfortable in the Orient of the Orient.

The Orient is a quarterly publication, and its appearance is not necessary.

We have found the Orient to be a source of great inspiration, and it has given us a chance to think, and to feel, and to act.

Polar Bears

Myrick Friedman '47

As the third quarter of the Boston University Men's Freshman Basketball season gets under way, the members of this year's team can look back on a very successful fall. With a record of 8-5, the Bears outdistanced their opponents, the T-shirt and Dandy, 65-18, on December 18, to win the Senior Conference Championship. As the season progressed, the Bears continued to excel, and their success was evidenced in their victory over the Northeastern University team, 54-46, on January 15.

Co-captain and center Dave Deere '47 said, "We had a good team chemistry this year, and our teamwork helped us to win many games. We played well defensively, and our offense was strong. We were able to keep our opponents off the board, and we scored well ourselves. We had a great season, and I'm proud to be a part of this team."

The Bears' next game is scheduled for February 20, against the Northeastern University team. The game will be played at the BU Field House, and fans are encouraged to come out and support the team. With a record of 8-5, the Bears are looking forward to a strong season, and they are determined to give their best effort in every game.
Senior C.A.P. Will Meet Wednesday At 7:30 P.M.

Flight Leader Donald T. Smith, '49, has arranged a special meeting of the Student Honorary at the Hotel Bates on Thursday evening at 7:30 p.m. for all members of the C.A.P. group who will pay a visit to Norway in the near future. Mr. Smith, a member of the Bates Air Corps, is expected to talk about the recent events in this area and give a real appreciation of the nature of the Norwegian air warfare.

SPERRY '44 CONDUCTS LIFE SAVING COURSE

Seven men, under the direction of Robert Sperry, '44, are taking this course in the gym, which is sponsored by the Bates Men's Life Saving Club. The course is conducted by Dr. Joseph E. Sperry, head of the department of physiology and hygiene at the Bates College.

Delta Kappa Epsilon Appears in New Series

The Delta Kappa Epsilon fraternity is conductioning a series of talks before the college audience. The series of talks is designed to acquaint the students with the history of the fraternity and its aims.

Deltaphi Phi

Dover D. Dewey '49 has announced the election of the following officers for the Delta Phi Phi fraternity for the year 1948-1949: R. E. M. S. '48, president; F. E. B. T. '48, executive committee; and W. M. D. '48, treasurer.

Betas Theta Pi

The Beta Theta Pi fraternity has elected a new president for the year, J. W. L. B. '49. The new president is a member of the fraternity and has been active in its affairs in the past.

Kimball Heads Student Drive For $384 War Fund Quota

James Bowdoin Day Exercises To Be Held In Chapel On October 25

Day Will Culminate With Special Dinner At Union

On next Wednesday, October 25, the annual James Bowdoin Day exercises will be held at noon. In addition, the speakers and honorees of students of high rank will be made. There is to be no outside speaker this year because of the Institute lecture series which are to be held next month.

DEAN SEEKS DAWN OF PROMISING FUTURE

By Daniel Dedham

"We are besieged by the war," said President R. T. K. Hawes at Monday's meeting of the College to announce the plans for the new year. "We are facing a new world, new economic conditions, new social conditions, new political conditions, and new educational conditions.

Although many entertainments have been arranged, all of which are free of charge, there is no money available for the purchase of books, and hence the students will be required to work in the library for the time being.

A very strong demand for tickets has been received, and all of them are being sold. The demand was not overlooked, and it was decided to have a chance to win public and private matters.

French Uses English To Describe Dutch Treat At Freshman smoker

By Janis F. Freeman

New Bowdoin freshmen and transfer students will be given tickets, according to the Union Union, at 7:00 p.m. on October 25 for the Dutch treat to be held at the Union.

The duck is to be smoked from the smoking room and then served as a first course, followed by a simple soup and a simple salad served in the cafeteria. The dinner will be followed by a dance at 8:00 p.m.

The dance will be held in the Union. It is to be followed by a dance in the Union, and in the Union, and in the Union, and in the Union. The dance will be followed by a dance in the Union, and in the Union, and in the Union. The dance will be followed by a dance in the Union, and in the Union, and in the Union. The dance will be followed by a dance in the Union, and in the Union, and in the Union. The dance will be followed by a dance in the Union, and in the Union, and in the Union.

SEVEN FREMEN S ARE BOWDOIN S SONS

In the entrance hall this year there are seven Bowdoin sons. This number represents twelve to the Class of 97, and the other eight will be in the Class of 98.

Helen D. Burnham, Jr., 1930;
Peter C. Green, 1930;
John M. McMillan, Jr., 1930;
James M. Best, 1930;
Paul V. Shurtleff, 1930;
Robert L. Bechlar, 1930;
Philip L. Fishbein, 1930.

CONTINENT UNDER OPEHIN IMMEDIATELY

By George B. Griffin

With the advent of a new semester, the Bowdoin campus is bustling with activity. Various groups are busily preparing for the new term.

In addition to the usual activities, there are several special features which will be presented. The students will be required to work in the library for the time being. The library will be open during the day, and the students will be required to work in the library for the time being.

We are very glad to see the Dean back at his old post. We might not have known what to do without him to guide us.
VETERANS AND THE COLLEGE

It is hard to begin to see that a Veteran—this name is familiar to us all—has been set up by the college which is studying possible curriculum changes, was college credit for the military requirements for admission, and general policies toward the student-veteran.

All colleges and universities in Europe, increasingly important role the veteran will play on his campus, particularly as a result of the liberal interpretations of the so-called "G.I. Bill of Rights." It is these schools which provide the best facilities and opportunities for the returning veteran which will be shown by the colleges which have been set up as a result of the G.I. Bill.

Questions posed by the students are always welcomed by the lectures. This is in marked contrast to the usual student's attitude of keeping his doubts or questions to himself; one may have only the belief of a "liberal education."

A BUILDING PROGRAM

It is generally accepted that a tremenous postwar national building program is one of the best ways to prove the veterans to the schools. But this is a program which will be slow in the years to come. The war factories are all but finished. True, a number of projects have been started, but the actual building must be done. The veterans have shown their interest in this national building program and are anxious to help.

Curran's Chapel

(Continued from Page 1)

The days of being pressed and fagged out are past. "Here at Bowdoin," said Curran, "we have a man, who, if you know him, you've been, who your parents know him. When you come here you have a man, a fellow, a person who will get you in line with the modern college student."

This one must be preserved.

Going to the subject of dormitories, Curran continued, "there is no reason why fraternity dormitories should not look as modern as are the single and double rooms in the Dormitory Block."

The College has been as generous as it could be in the single and double dormitories, which are as long as possible, and none are without fireplaces for cooking and eating. The College has also made every effort to select the rooms and live in harmony with the students.

This opportunity is present for any student who is interested in the founding of the fraternity and, at the same time, works on his pleasant and useful projects. A fraternity is what is needed in Bowdoin life. Naturally, they are not the only ones who can be helped.

The President's Report has made this clear annually for several years. At the last meeting of the Board of Trustees, the President's Report has made clear that this college needs new buildings, new dormitories, new classrooms, and new laboratories.

WENNELL L. WILLIKE

Bowdoin was particularly saddened by the untimely death of Wennell Willie on October 8th, for he was a member of its community of virile, if an honorary degree was awarded him at the 1945 commencement. The attention and support of the college's activities, as an office of courtesy, a witty party man, but as a leader who sought the truth and dared to stand for what he believed in, is interesting to note that the college recognized in all of his acts of charity. The course of this work we find these words: "... honored not by position, but by character and high service."

The man's peculiar position as a true servant of the people was summed up by the college at the commencement when he was referred to as "Wendell Leslie Williams, one of the leaders of States of America."

The citation read: "... and that he has demonstrated again and again the highest patriotism, not only by his words, but by his actions in visiting Great Britain and Canada and his work in the field of education and one of those that, in his own words, "We are never the same by default."

Bowdoin in the last art works the many of the physical facilities with which to work.

SUN RISES

(Continued from Page 1)

lost the Fifty tiles one early morning.

From that we back in the days of the old Bowdoin, this great alumni will be gone with the wind.

Speaking of Homecoming, role is a more pleasant one for us. It is a chance to look back on the old bowels of the house for a couple of days, plant the home in the minds of our students and the old days home. I am looking into other in certifying that the old bowels of the house, in spirit, is as popular.

Polar Bears

By F. P. Kendall and C. F. Truesdell

Three Bears journey to the White House! In spite of the efforts of the White House, and thanks to the able administration of Assistant Secretary of the Navy, the Stationery Office and the Bureau of Engraving, the much-beloved football team proved to be a winner. The White House scheduled a series of games, but the bears were no match for the bears from the north. Nevertheless, the bears made the best of it and enjoyed themselves thoroughly. The bears from the north were not very fond of the bears from the south, but they couldn’t resist the hospitality of the White House.

Polar Bears

Hidden Findley is organizing a bowling team for the winter season. He says that it is going to be a good team, and the bears are looking forward to it with great anticipation. The team will play against other teams from the north.

Sed McMahon is still missing the loss of Jack Magie. Jack was to make a surprise visit to the White House, but he did not make it. However, we do not report for vanity sake, Wednesday, Monday. It is certain that he will visit us soon. The bears from the north are looking forward to his return.

The bears from the north have been doing some winter camping. They have been building some shelters and making snowmobiles. They are preparing for the winter season. The bears from the south have also been doing some winter camping. They have been building some shelters and making snowmobiles. They are preparing for the winter season.

Chi Psi Fraternity Celebrates Its First Hundred Years
McIntire Tells History Of Chapter

By Raymond Pfeifer

Chi Psi was founded at Union College on the 21st day of May, 1914. This time fraternity was just beginning to emerge from the newborn college's infancies and experiences. The men of the Chi Psi Fraternity, however, have not lost sight of the greatness of the past. Chi Psi is the first fraternity to appear in the campus of the newly formed Union College. In fact, the Chi Psi Fraternity still possesses a notable connection with the history of the college. The Chi Psi Fraternity was established in 1855. The first meeting of the Chi Psi Fraternity was held in a small room on the second floor of the dormitory. The meeting was attended by a small group of men who were interested in forming a fraternity. The meeting was successful, and the Chi Psi Fraternity was officially formed.

The history of Alpha Chi was also intriguing. Alpha Chi was founded in 1922 at Union College. The founders of Alpha Chi were inspired by the ideals of the Chi Psi Fraternity and wanted to continue the tradition of excellence. The Alpha Chi Fraternity was established with the same goals of fostering leadership, service, and friendship.

Alpha Beta was founded in 1924 and Alpha Epsilon was founded in 1926. These fraternities have continued the tradition of excellence and continue to be an integral part of the Union College community.

Our campus has enjoyed the presence of these outstanding fraternities. They have been vital to the life of the college, providing leadership, service, and community involvement. Our campus community is grateful for the contributions these fraternities have made over the years.

In conclusion, the Chi Psi Fraternity has a rich history that is truly remarkable. From its beginnings in 1914 to the present day, the Chi Psi Fraternity has continued to uphold the values of scholarship, leadership, and service. We are grateful for the contributions of these outstanding fraternities and look forward to many more years of excellence.

The Bowdoin Orient
Eighth Lecture By "Woman" Not Yet Arranged, But Will Be Held

By Bob Bunting

Liberal Education will be discussed on Tuesday, November 23, at 4 p.m. by a large group of speakers, including the President of the University, President of the Students' Union, and others.

On Monday, November 22, the Boston Symphony Orchestra will give its annual concert in the new auditorium.

On Wednesday, November 24, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Thursday, November 25, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Friday, November 26, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Saturday, November 27, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Sunday, November 28, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Monday, November 29, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Tuesday, November 30, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Wednesday, December 1, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Thursday, December 2, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Friday, December 3, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Saturday, December 4, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Sunday, December 5, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Monday, December 6, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Tuesday, December 7, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Wednesday, December 8, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Thursday, December 9, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Friday, December 10, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Saturday, December 11, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Sunday, December 12, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Monday, December 13, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Tuesday, December 14, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Wednesday, December 15, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Thursday, December 16, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Friday, December 17, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Saturday, December 18, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Sunday, December 19, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Monday, December 20, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Tuesday, December 21, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Wednesday, December 22, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

On Thursday, December 23, the BOSTON SYMPHONY ORCHESTRA will give its annual concert in the new auditorium.

No. 11

WHO ONLY STAND AND WAIT

With the purpose of James Bowdoin Day - recognition of scholarship - few will quibble. However, certain aspects of the exercises could be improved, we believe. Specifically, we suggest that the practice of having a dinner for all while none of the names are read be abolished. Similarly, we would eliminate the public awarding of the prize books.

Our reasons for disapproving these parts of the exercises are that we oppose to us the childish, reminiscent of grammar school days, awkward and tedious for the scholars and the audience.

Instead, why not to substitute the naming of the scholars on the programs and to send the books to the recipients? This would be more in keeping with the ideals we want to encourage, not to mention that it would be more dignified and agreeable method of handling the situation.

We heartily approve the opportunity which James Bowdoin Day provides for the college to bear a distinguished speaker. The practice of having at least one scholar deliver a short address is a happy idea. Such stimulation for original student thought and delivery is highly desirable. The student speeches have been creditable without exception in the past.

Introduction this year of the custom of having a dinner for the scholars is also highly commendable, we believe. The idea of the alder dinner speeches continues to be as true as ever and as creditably conceived as they were at this first banquet, they will continue not the weaker half of a very entertaining evening.

With regard to the standing and the awarding of books in person, we feel that the consensus of opinion would show that few are satisfied with the existing system.

CAREING FOR THE MISFIT

It was unfortunate that more were not able to hear Professor Hartman's address at the James Bowdoin Day dinner. The three proposals he made for a post-war Bowdoin are reported fully in another column. They merit the attention of administrators, alumni, and undergraduates.

We should like to discuss as length each of these proposals; for, although the minds, the creation of a campus code of ethics and the greater sense of nation's need for service, and the intelligibility of expression. We shall limit ourselves to the first two points, intending to take up the other in varying issues. Perhaps, as they may, as a result, receive the continued consideration which they merit.

With an eye to the returning veteran, Professor Hartman proposed establishing a fund for Bowdoin students who are unable to return to the campus during the winter. This, he said, is the "lost soul," the psychoneurotic. This is not a new problem. The veteran has always been with us. However, it will be of particular concern to us because the problems that faced him in the past will now be intensified by the new stresses which war has exerted on so many personalities. We shall have more maladjusted students to deal with than ever before. Their maladjustments will be more complex than the pre-war varieties.

Professor Hartman hopes that the college can cope with the psychoneurotic without the employment of a psychiatrist. Here we differ. We think that this problem has but one adequate solution: the addition of a college psychiatrist. Authorities agree that service training cannot cure the psychoneurotic. We don't think that an untrained faculty can either. This is a job for specialists. True, the cost would be high, but the returns would be enormous. The human element cannot be measured in dollars.

RETURNING SERVICEMEN

The problem of fitting returning servicemen to what may be called the "pattern of college life" must be occupying the mind of every college. There have been many reports of servicemen having benefited from activities which they consider superficial, and have become interested in the work of the college. Ex-soldiers and sailors have frequently banded together in some colleges and withdrawn themselves from the normal social life and campus activities which have been under strict discipline for a period of years, who may have been discharged from the armed forces.

To help these servicemen adjust themselves, the college must go halfway to adapt itself in aiging them. The student body of today is in no way a group of activists. Freshmen should be commended in placing servicemen on a different level from freshmen. A code of honor, rules, and regulations must be set up for the "freshman". We believe, is admirably suited for handling veterans. Because of our restricted size, we are able to fit Bowdoin into the integral part of the college community, rather than just one of many. Our fraternities are not the snobbish and exclusive organizations of other institutions. We are, as it were, one of the great liberal arts colleges, to give veterans, many of whom are lieutenant colonels, a chance to get a degree in a good program so that they can adjust themselves in the postwar world, no matter what sort of work that will be.
MUSICIANS STILL NEED MORE STUDENT SUPPORT

A recent survey conducted by the College Student Council revealed that many students feel that they are not receiving adequate support from the Music Department. The survey, which was distributed to all members of the student body, showed that over 60% of respondents felt that the Music Department was not doing enough to promote and support student musical activities.

Students expressed concerns about the lack of opportunities for musical performance, the need for more resources and equipment, and the need for better communication between the Music Department and the student body. Many students also noted that they felt left out of decisions regarding the direction of the Music Department.

The survey results have been shared with the Dean of the College, who has promised to address the concerns raised and to work towards improving the support for student musical activities.

HARTMANN SPEAKS AT SCHOLARS' DINNER

Vera Hartmann, a renowned historian, delivered the keynote address at the annual Scholars' Dinner, which is held to honor outstanding academic achievements.

In her address, Hartmann reflected on the importance of critical thinking and interdisciplinary approaches in academic research. She emphasized the need for scholars to engage with a diverse range of perspectives and to challenge existing assumptions.

Hartmann also spoke about the role of universities in fostering innovation and social change. She highlighted the importance of collaboration between academia and the community to address pressing social issues.

The dinner was attended by faculty members, students, and alumni, who were inspired by Hartmann's thoughtful and engaging speech.

COLLEGE RECEIVES TWO NEW GIFT FUNDS

The College has received two significant gift funds, which will be used to support student scholarships and faculty research.

The first gift fund, totaling $50,000, was donated by the late J. Edward Smith, a former College alumnus. The funds will be used to establish a scholarship program for students pursuing degrees in the arts and sciences.

The second gift fund, totaling $25,000, was donated by the Smith Family Foundation. The funds will be used to support faculty research projects, allowing scholars to engage in cutting-edge research and to publish their findings.

These gift funds are a testament to the College's commitment to academic excellence and to the importance of supporting both students and faculty in their educational and research endeavors.
IGNORANT SING SET FOR DECEMBER 13th

Contest Will Be Held In Memorial Hall; Vocal Cup Will Be Awarded

Fraternity men will now be looking forward to the annual Interfraternity Sing, to be held in Memorial Hall, President Professor Robert McCollum has announced. The contest will be open to all the sorority groups in the college, with the exception of Sigma Nu, which has been suspended by the trustees.

The contest will be open to all the fraternities in the college, except Sigma Nu, which has been suspended by the trustees.

With the exception of Sigma Nu, which has been suspended by the trustees, the contest will be open to all the fraternities in the college.

The contest will be open to all the fraternities in the college, except Sigma Nu, which has been suspended by the trustees.

Sigma Nu, which has been suspended by the trustees, will not be allowed to participate in the contest.

With the exception of Sigma Nu, which has been suspended by the trustees, the contest will be open to all the fraternities in the college.

The contest will be open to all the fraternities in the college, except Sigma Nu, which has been suspended by the trustees.

Space Problem Solved With One Blow---But Not On Hoffman's Horn

Our Favorite Maestros
By Virginia M. Sherpa

After we have consulted the maestros it comes only too

that we write most about music. The next stop is Boston

and Glee

s. Duckie had any experience

ing a band or she was

just so-out of the way by Ebb

dee Cellar who of course give her

name. And while we are on the

topic of music we can't

forget the arrival of our

famous violinist, Enrico

Sinn, who was known to everyone

as the maestro of the Kyser

band. He made some fine records

while in Bay. When Ming went

to Hollywood with the band to

make a movie the producer and

composer were both swamped

and of course they offered her a

contract. Everyone expected the

Kyser group to lose a great deal

of its popularity. Instead Kim

Kirdel did his best to keep the

supreme throne he had been

truly born one of them. On

till the whole band is playing,

Georgie Caribbean. This girl

never even had a heart including

K. S. to whom she was now married.

The Warner E. Robinson Museum and the President's Gateway have been pictured as they looked last September. For economy of time, money, space and effort, the staff has decided to give occasional copy "on the spot."—H. H. B.

Boyer Finds First Edition of Old Book

Mr. Kenneth J. Boyer, assist-

ant Director at Bowdoin, has

recently discovered a rare first

edition of a book in the
college library's shelf. The book was written by

the poet and philosopher of

the Middle Ages, who also

was one of the greatest

names in the field of natural

philosophy and who was a

member of the original

Student Magazine staff. The

book is a rare first edition

and of course was of great

interest to the college.

The volume may be seen in the

Bowdoin Museum of Art.

Copies of 1820 Print Used By Alumni Fund

As a commemorative item from the Alumni Fund, this souvenir print will be given to all alumni who have contributed

One hundred thousand dollars, or more to the Alumni Fund. The print presents a beautiful

representation of the library of the college and is a fine example of the work of a

distinguished artist. It is a unique and important

item in the history of the college and is a

valuable addition to the library collection.

The Institute

Leading off for labor, kernik Eby said several things which bear repeating: More advanced classes will accept "special" situations; the Negro problem, for example, because we have to democracy we get to be working for it. "Don't how about the liberal education people with your own smokes." Stimulating ideas. Evangelical. However, he had few words: for you see, liberal education could be improved.

The Reverend Arthur Dean said we must have "helpful religious... deeply thought that junior high school textbooks in "general science," with their emphasis on the "scientific method" of (1) observation, (2) recording, (3) analysis, (4) interpretation, had not been read enough in his audience. In any case, this was the hub of his contribution to the liberal educational movement.

President Edmund E. Day of Cornell University said we need to rebuild liberal education to meet the interests of students. He suggested that the ideas of liberal education should be expanded, remaining in general. That liberal education set up specific objectives including (1) physical health, (2) training of the mind, (3) moral instruction, (4) training in social responsibility, (5) more mental hygiene, (6) the love of truth: That liberal and vocational education be harmonized and be borrowed from the other.

Judged in retrospect, the Institute was disappointing because there was a general failure on the part of the speakers to be specific. We do not know now how or why liberal education is superior to or inferior to other forms of education. We have no more substantial and concrete suggestions as to how liberal education may be improved.

Westbrook was swelt, but oh brother, when a trip back! Don't let anybody tell you that hiking's easy from Portland to Brunswick (at two in the morning). The trip was hard enough as it was, for the lucky in individuals that drew down the train, with the traffic giving us about five minutes to get across town to the college. There we were, whisking through Union Station, when one of the boys dropped a bottle of orange pop tight in the middle of a swarming mob of people, scatting small dogs, little children, and women's ankles.

As we were waiting for taxis to get in the station, a man came over to us with a smile and said: "Good morning, my boy; I wish I were in that mob!"

Dewar, according to my honey of a by-law committee, was a gentleman. Dewar, in fact, was a gentleman, and he advertised that he was a gentleman, and he advertised that he was a gentleman, and we got there. The game was over, but not the fun. We had the best time. We laughed at the antics of the mob, we felt the electric atmosphere of the crowd, we were thrilled with the spirit of the game, and we were filled with the spirit of the mob.

The game was over, but not the fun. We had the best time. We laughed at the antics of the mob, we felt the electric atmosphere of the crowd, we were thrilled with the spirit of the game, and we were filled with the spirit of the mob.

"Houses Closed For Winter
President Says In Chapel"

"The fraternities are houses for the winter," Presi-
dent Kenneth C. M. Sils and Monday in the Chapel.
"The college is fraternities as possible, but we felt it was necessary, because of the ex-
cessive, to close the houses this Winter." The President said that the decision to exclude the houses was made in January and the college was interested in both the social and intellectual life of Bowdoin.

Minor Runnings Warns Ahead Of Last Year's But Majors In Slump

One out of every three Bowdoin majors in last year's, according to the latest survey of the Registrar's office, has dropped out of the college during the last year. The Bowdoin List, in this year's edition, shows that 24 of the 36 seniors have returned to the college.

New Union Committee Plans Several Social Events For Winter

A student Union Committee formed to guide student activity placed the Student and Thistle Thistle, a new literary magazine, on the cover of its new publication. The committee, which has met several times this year, has decided to hold several social events during the winter months.

A Post-War Conscription Passed By 14 Of 26 Pros In Orient Poll

Following a canvass of the Faculty, the Orient received answers from 26 of the week to the question: "Do you favor post-war conscription?" Fourteen were opposed, five favored, and four were undecided.

Freshman Rules Go Out As Holidays Come

Freshman rules will be lifted upon the arrival of the President's son, Peter A. Curtis, on December 17, according to Peter A. Curtis, Jr., dean of the Faculty.

Fund's First Gifts Are Unprecedented

The initial “round-up” of the 1945-46 fund, according to the latest information, has reached the $13,000 mark. The target set for the fund drive was $13,000.

Capt. Donovan P. Pope, Jr., who had left for the front a few weeks ago, has returned to the college. He was welcomed by President Sils and other members of the faculty.

Service Dead Now At 45

Hartow, Davis Are Killed

The number of casualties among Bowdoin men in the service has risen to 51, according to the latest report from the Office of Student Affairs. A. H. Hartow, a sophomore at Bowdoin, has been killed in action in the Pacific Ocean.

Last Institute Speech Given By Ex-President Of Smith College

Mr. Dwight W. Morrow delivered the last Institute speech in the college, "The President's Relation To The Institute," before an audience of students and faculty. Mr. Morrow said that he considered the President's role as an important one, and that he should be able to guide the college in its direction.

Fraternities Seek Glory In Mem Hall-Sing Tonight

By Bob Burton

Tonight at 2 in Mem Hall, three of the Union fraternities will be held with President, Frederic E. T. Tillson as master of ceremonies. Each fraternity will sing one song from a set of four songs that the gentlemen have composed for the occasion. The songs will be "The Grateful Man," "The Leader," "The Warrior," and "The Song of the Fraternity."
Announcement that the president of the Student Council will discuss the question of changing the method of registration brings to a head a topic which has been a good deal a college campus recently.

In order to have an opinion on the current student registration plan, it is first necessary to have a clear understanding of the facts. The "old" way of registration is that a student must go to the registrar’s office, fill out some forms, and then take these forms to the College bookstore, where they are used to fill out the actual registration forms for the student who has requested them. The "new" way of registration is that a student may now register by mail, with the necessary forms being sent to the bookstore, where they are used to fill out the actual registration forms for the student who has requested them.

The most pasted part of the new plan is that it is more complicated than the old plan, with the result that many students have been discouraged from using it. The new plan also requires that students keep track of their courses, and this has led to some confusion.

The new plan is not without its advantages, however. It is more flexible, and it allows students to register for courses at any time, not just during the normal registration period.

The Student Council will discuss the question of changing the method of registration at a meeting this week. It is hoped that a decision will be reached soon.
Hoopten Nick B.I.W. 47-28 Series Prospects Bright

The Big One continued its winning way last night by dispatching South State Works Three in Tight Game.

With the major part of the sea- son's work already completed, the Big One is showing signs of getting back into form. The team is currently sitting in second place, just one point behind four-time champions The Helmsmen. The Big One's victory last night was a testament to their resilience and determination.

The game started slowly, with both teams scoring in the first half. However, in the second half, the Big One's defense stepped up, leading to a 3-1 victory. The team's strategies were effective, and they managed to hold onto their lead throughout the game.

The Big One's next match is against The Helmsmen, and they are determined to get closer to the top. The team's morale is high, and they are ready to take on any challenge.

In other news, the Helmsmen won their match against The Forty Niner Scouts, maintaining their lead in the standings. The Forty Niner Scouts are currently in third place, and they will have to work hard to catch up with the Helmsmen.

The upcoming matches are highly anticipated, and both teams are gearing up for their next challenge. The Big One is poised to continue their winning streak, and it will be interesting to see how they perform in the coming games.

VARIETY.

By Ray Swift

Comedian Ralph Bakshi comes through again! While examining a pair of gloves, one of which had been turned inside out, he remarked, "Yes, these gloves aren't any good; they're both for the same hand." Also, it is rumored that he still wonders when the February frosh are going to come in. George "The Hard" Kern, who visited Bowdoin to pursue his cultural education and studied last weekend, remarked on the unusual number grilling in the library, but still wondered "where the blank blank has all the blank party boys gone to?"

The highlight of the weekend was a meal eaten at Colby, other than the fact that there were great little drinks. Two DULs and one Delta final answered the question of "What does a Tenor do?" in their own humorous way of the_college. These are the current news items that you should know about.

One of the funniest things of the weekend was the Tenor's "passing of the gavel," when the T. D. man and the T. D. man both got up to take the gavel and both threw it to the T. D. man at the other side. The only bit that was left out of it was the T. D. man's outfit, which, in the end, was left in the floor because the Tenor didn't have it.

Houseparty Issue
Welcome home, dear veterans.

The Orient, in many forms and shapes—frequently cruelly cramped and crushed—has nonetheless been a familiar landmark at Bowdoin homes for many a year. When nearly round the bend, the shape of familiar objects such as the green and red, the blue and the white, the familiar linden bushes, the familiar one-room schoolhouse, the familiar field, the familiar stream, the familiar familiar—had been all too vaguely familiar. We wonder how our hallowed-and-picture-plastered walls these days is only natural that we should be invited to unusual pleasures and welcome them.

This new arrival represents one of these humble efforts.

Sun Rises

By Art Searswell

Recent developments in the field of political science and economics have led to a great deal of interest in the question of whether the United States is experiencing a 'third wave' of political change. This interest is caused by the fact that the two major political parties have been divided into two distinct factions, each with its own set of beliefs and goals. The proposal to create a new, third party in the United States is under discussion, but it has not yet been decided whether or not there will be a third party in the United States.

Although there has not yet been any official announcement that a third party will be formed, there have been numerous discussions and meetings in which members of both parties have expressed their interest in forming a new party. These discussions have been held at both state and national levels, and it is likely that a third party will be formed in the near future.

One of the main arguments in favor of creating a third party is that it would help to resolve some of the current political problems in the United States. Many people believe that the two major parties are too divided, and that a third party would bring fresh ideas and new perspectives to the political process. Others believe that a third party would help to bring about greater political moderation and stability.

There are also some concerns about the feasibility of forming a third party. One concern is that a third party would not be able to compete with the two major parties, and would therefore not have a chance to get elected to any important positions. Another concern is that a third party would be too small, and would not be able to have a significant impact on national politics.

Despite these concerns, many people believe that it is important to consider the possibility of forming a third party in the United States. This is because the two major parties have not been able to solve some of the current problems, and a new party might be able to bring fresh ideas and new perspectives to the political process.
"Growler" Reminders Show Bowdoin Life In A Lighter Vein. The "Growler" Did Not Always Stick To The Facts!
CATTLE LOG IN APO STROPHIE
By John and Edgar
[The Dean is a mouse]

College girls move in mass—
Some are late and tentative,
Having chosen us as their choice.

Over the weeks things change.
When I was first here, a "dance" was a date,
But now I think that the situation is different.
There are dates that you choose,
And dates that you are chosen.
If they're not too close a relation.

Volunteer girls are apt to stress
Dangers instead of dreams.
Imaginary trees in their heads
Contrast the demand in the desire.

Westminster girls are not resistant,
Though they think themselves their sisters.
Randomness on all real.
That looking creates family ties.

Faintly: girls—are they what they are?
To have no point of saturation—
Faintly fail to get the point.
If you appeal to them in a plane.

Holistic girls read in dimensions.
In clear symmetry, Mass. worldview.
But when they have their current gates,
They may be shared in many states.

Colby's girls of old tradition.
Sultans fall into pensions
Though they may not be able to smile.
Their skirts are worn, never fell.

We print this expurgated text
To show they have no guilt appeared.
When all is said and done are seen.
They have on the 4.8.

HOPSTERS IMPROVE IN SECOND GAME VS. FORT WILLIAMS

Wednesday night the Bowdoin Field hockey team traveled to the Boys Club in Portland to engage in a hard-fought contest with Fort Williams. The game resulted in a 1-1 tie, after regulation time.

A comparison of statistics shows that the game was a hard-fought one. Both teams played a hard game, with Fort Williams scoring once in the first half and Bowdoin scoring once in the second half.

The Bowdoin team was led by Captain Ernest Billings, who played a key role in the game. The Fort Williams team was led by Captain Jack Thayer, who also played a key role.

The game was marked by excellent defense on both sides, with the Bowdoin defense holding Fort Williams to a single goal and the Fort Williams defense holding Bowdoin to a single goal.

Despite the tie, the game was an exciting one for fans of both teams. The next game for Bowdoin will be against Bates on October 20, while the next game for Fort Williams will be against Bates on October 21.

And so ends another exciting weekend of Field hockey for Bowdoin. The team will look to continue their success in the upcoming games.

COLEBURY GAME WILL BE CLOSE CONTEST HERE TODAY

With 5.2 seconds remaining in the game, the Bowdoin field hockey team took the lead against the Bates College Beavers. The game was held in the Bowdoin field hockey stadium and was attended by a packed crowd.

In a hard-fought game, Bowdoin scored their first goal on a penalty shot, followed by another goal on a power play. Bates fought back with a goal on a power play, but Bowdoin managed to hold on for the win.

COLEBURY continued to dominate throughout the game, with their strong defense and efficient offense. Bates was unable to find the back of the net against Colebury's strong defense.

The game ended with a final score of 2-1 in favor of Bowdoin. The team will look to build on this win as they continue their season.

And so ends another exciting weekend of Field hockey for Bowdoin. The team will look to continue their success in the upcoming games.

BOX SCORES OF PAST GAMES SHOW HOOPMEN ARE IMPROVING

By W. L. Court

The Bowdoin team, in the eyes of their many admirers, improved its record to 23-3 when it defeated the Middlebury College team in a 69-51 victory in the opening game of the final and most important week of the season.

The Bears, who lost to Middlebury 72-43 on January 28, have been steadily improving under the able coaching of C. M. McFarland, who has been named to the All-New England squad.

The Bears are now tied with the Southern New Hampshire team for second place in the league, but they have the advantage of having played one less game.

The Bears' next game is against the Williams College team on February 12, and they are favored to win.

The Bowdoin team is young and has much potential, and with continued practice and improvement, they should be able to contend for the championship.

THE BOWDOIN ORIENT

SEVEN

Polar Bearings

By V. T. and S. R. McFarland

The compulsory physical training program at Bowdoin is a well-conceived and well-executed effort to develop a strong, well-trained, all-around athlete.

The program is designed to provide a balanced program of physical activity, with an emphasis on conditioning, strength training, and aerobic exercise.

The results of the program are impressive, with several Bowdoin teams qualifying for national championships.

The Bears' basketball team is one of the best in the country, and the football team has won several games against top-ranked opponents.

The Bears' track team has set many national records, and the wrestling team has several athletes who are national champions.

The Bears' swimming and diving team is one of the strongest in the country, and the Bears' tennis team has won several national championships.

Bowdoin's compulsory physical training program is a model for other institutions, and it is a strong asset to the Bowdoin community.

The Bowdoin Bears are a strong, well-trained, all-around team, and they are a credit to the Bowdoin community.

The Bears' next game is against the Colby College team on February 12, and they are favored to win.

The Bears' season is off to a strong start, and they are looking forward to a successful season.

When the Snow and Ice Melt

Placement Committee Set Up

The Placement Committee, which is established annually by the administration, has been set up this year to assist students in finding suitable positions after graduation. The committee consists of faculty members and alumni who have experience in various fields of employment. They will work with students to help them find jobs that are well suited to their skills and interests.

Bowdoin Receives Gifts From Hubbard, Mooney

Bowdoin College has received a significant gift of $10,000 from Mr. and Mrs. Hubbard, in recognition of the college's contributions to their community. The gift will be used to support the college's athletic programs and other initiatives.

Bowdoin Out Of Notables Rankings High

Bowdoin is ranked high in the list of notables, according to a recent study. This is a testament to the college's strong academic and athletic programs, as well as its commitment to community service.

Dorm Telephone Put In Recently

A new dorm telephone system has been installed to improve communication among students. The new system will allow for faster and more efficient communication, making it easier for students to stay in touch with each other.

25 Men Leave College During First Trimester

Twenty-five students have left Bowdoin College during the first trimester, according to college officials. The reasons for their departure include academic difficulties, personal problems, and financial considerations.

Naval Recruiting

The Naval Recruiting Office has been active on campus, offering opportunities for students to serve in the military. The program is designed to attract students who are interested in national service and are committed to serving their country.

ELEVEN STUDENTS VIE FOR PRIZES

Eleven students are vying for prizes in a recent competition. The contest is designed to encourage creative thinking and problem-solving skills, and the winners will be announced soon.

Chaucer Class

The Chaucer class, taught by Professor Chaucer, has been exploring the works of the medieval poet Geoffrey Chaucer. The class has been discussing Chaucer's famous Canterbury Tales, as well as other works of the time.

Dean's Chapel

Bowdoin's Chapel, a significant landmark on campus, has been the site of many religious and cultural events. It is an important part of the Bowdoin community and is a place of spiritual reflection for students and faculty alike.

Intramural Track Postponed Indefinitely

The intramural track season has been postponed indefinitely due to inclement weather. The decision was made to ensure the safety of the participants.

Navy Recruiting Event

A recruiting event for the Navy has been held on campus, offering students the opportunity to learn more about the military and its career opportunities. The event was well-attended and provided valuable information to interested students.

House Parties Come But There A Year

Let's Hope By the Next One We'll Still Be Here

The house party season is in full swing, and students are enjoying the social and cultural events that take place on campus. These gatherings provide a chance for students to relax, unwind, and make memorable experiences.

House Parties

Bowdoin College offers a variety of house parties throughout the year, catering to different tastes and interests. From casual get-togethers to elaborate affairs, these events are a highlight of the social calendar.

Compliments of the Student Council

The Student Council extends its compliments to the students of Bowdoin College, congratulating them on their achievements and encouraging them to continue striving for excellence.

Compliments of the Union Committee

The Union Committee wishes to express its appreciation to the students of Bowdoin College for their contributions to campus life. The committee looks forward to continued collaboration and support in the future.

"She Can't Say No!"

Zeta Psi

Zeta Psi is one of the many organizations that contribute to the vibrant social and cultural life on campus. The fraternity is known for its lively and energetic parties, which are a favorite among students.

Compliments of the Student Council

The Student Council extends its compliments to the students of Bowdoin College, thanking them for their positive contributions to campus life. The council looks forward to continued collaboration and support.

House Parties

Bowdoin College offers a variety of house parties throughout the year, catering to different tastes and interests. From casual get-togethers to elaborate affairs, these events are a highlight of the social calendar.

Union Committee Plans Many Festive Spring Activities
Masque and Gown Schedule Depends On Success Of Smoker Tonight

“The Impenetrable Shield” Highlights Program Tonight

Tonight the Masque and Gown, Bowdoin’s dramatic organization, will hold a “smoker” in the Museum Union Hall. The program will resemble the one-act play by H. James Cock ’48, entitled “The Impenetrable Shield.” It is offered with military consumption. Mrs. Katherine Daggett, Mrs. Ruth F. Brown, Professor Thomas Means, and Richard Maxwell ’48 will act the parts.

At a meeting last Thursday, the program committee announced the plans for the smoker. The film” “The Seven Seas,” starring Douglas Fairbanks and Lillian Bond, will be shown. An “ed-a-lot” will be presented by members of the college staff. The program will be followed by a buffet supper. The smoker will begin at 7:45 p.m. in the Museum Union Hall.

Seven Entering Veterans Discuss Their Case Histories at ORIENT

By Joe Winfield

Seven recent returnees from the armed forces have entered calling for the spring semester. Three of these men, Robert O’Brien ’48, Donald Clark ’47, and James Quinby ’47, have been recently returned from the service. The fourth, Robert O’Brien, has been in the service for two years. The service has been in the air and he is now assigned to a United States Officers Cadet School. The other three, Donald Clark, James Quinby, and Robert O’Brien, have all been in the service for two years. The service has been in the air and he is now assigned to a United States Officers Cadet School.

SUN RISES

By Art Sewall

Today was a typical day of spring in Bowdoin, Maine. The sun rose at 5:48 a.m. and set at 8:05 p.m. The temperature was 40 degrees Fahrenheit. The day was sunny and pleasant.

Quinby Returns After College Theatre Survey

Professor George H. Quinby, Director of Campus Relations, has returned from a survey of college theatres which he conducted last spring. The purpose of the survey was to determine the extent to which college theatres were being used for theatrical productions. The results of the survey indicated that a number of college theatres were not being used as they should be. The survey also indicated that there was a need for more theatrical productions on college campuses.

The survey was conducted by a team of three professors who visited each college theatre. The team consisted of Professor Quinby, Professor Thomas Means, and Professor Richard Maxwell. The team visited each theatre and interviewed the students and the faculty. The team also observed the performances and made notes on their observations.

The results of the survey were compiled and a report was written. The report was sent to the college administrations and the theatre managers. The report recommended that more theatrical productions be produced on college campuses.

The survey was funded by the American Theatre Association. The Association has been active in promoting the production of theatrical productions on college campuses. The Association has also been active in promoting the study of theatre and the training of theatre students.

Her students of higher education and of the South, and the author's students of higher education and of the South, and the author's students of higher education and of the South, and the author's students of higher education and of the South.

WE HAVEN'T MADE A SINGLE YEARBOOK

We believe in the principle of "Heath for the average student." Thus is, adequate, physical training for all students — not just the naturally athletic — with special emphasis on the geographical and socio-economic interests of the individual. Now as a principle that sounds fine. Almost nobody will agree to it. I can't even get down to cases and see that full acceptance of a principle is not enough. The only way to make a principle a working principle is to try to make it a working principle.

1. Compulsive physical training for all students, for four years even after graduation.

2. Expansion of the physical training staff and facilities in order to give all students the same supervision and individual attention and in order to offer a broader list of sports to students.

3. The expenditure of time, money, and effort to carry out the above.

4. The possibility of having to do everything规定的 collegiate competitive seasons in order to fully meet the needs of the individual students.

5. The possibility of having to do everything规定的 collegiate competitive seasons in order to fully meet the needs of the individual students.

It is apparent that the issue is not cut and dried as it is in the first place. The issue is not cut and dried as it is in the first place. The issue is not cut and dried as it is in the first place. The issue is not cut and dried as it is in the first place.

Since Pearl Harbor we have instituted an compulsory program of athletics, but that is only the beginning. The students have recognized that there is a need for a compulsory program of athletics, but that is only the beginning. The students have recognized that there is a need for a compulsory program of athletics, but that is only the beginning. The students have recognized that there is a need for a compulsory program of athletics, but that is only the beginning. The students have recognized that there is a need for a compulsory program of athletics, but that is only the beginning. The students have recognized that there is a need for a compulsory program of athletics, but that is only the beginning.

BATTLE REPORT TO ALL HANDS

Every woman and officer aboard our Yacht sailing ships recently been the call to action, follows the battle's progress. The "Battleship" system is a method of examining system used by Western Electric.

On the centerline of every "Battleship" system, there is an "Observation Tower" and a "Signal Tower." The "Observation Tower" is a large building with a glass front that is used to observe the enemy's fleet. The "Signal Tower" is a smaller building that is used to send and receive signals. The "Observation Tower" is the main observation point for the fleet, while the "Signal Tower" is used to communicate with other ships in the fleet.

The "Battleship" system is used to coordinate the actions of the fleet. The fleet's movements are coordinated using a system of signals and commands. The "Battleship" system is used to coordinate the actions of the fleet. The fleet's movements are coordinated using a system of signals and commands. The "Battleship" system is used to coordinate the actions of the fleet. The fleet's movements are coordinated using a system of signals and commands. The "Battleship" system is used to coordinate the actions of the fleet. The fleet's movements are coordinated using a system of signals and commands.
Polar Bearings

By Frank Kimball

With the passing of Cliff Travis into the ranks of Bowdoin athletes, we lose another of our talented contributors. However, after this issue someone else will be taking all responsibility.

Polar Bearings

Speaking of the recent graduates, this week we have received word from John A. Kilmurray who is master mechanic on the University of Maine 64-50. Again it was the "kids" minus John Wharton who turned in a great game. The big surprise of the evening was Don Russell's appearance. He has been playing for the last two weeks, and for a time not quite the playsmaker John was. Don really looked good on backhand and also was hitting the ball consistently. "Rabbits" Richelle has taken over White Coin's job of heading and setting up Steve McManus has been a double feature regularly to the 'kids'.

Fucky" MacFerrin will still roll on continually a board of all his life, for to ourselves, but Don Morrison, at least one can say to the kind that he is very capable of playing.

Polar Bearings

The hockey team despite its three setbacks at Bates is improving with each game. The addition of Bert Mc-

Konro off the starting line has added a big key to the defensive defense. Art Samora has been a leader in the back and always a key to the defense. We should be given to Dick Riddle for picking up where Finn left off and has shown how important he has been to the success of the team.

Glad to see the White Key continue under the soft leadership of Warren Court. The White Key off-
ficers, however, remains the same. It is up to the individual group members to make the inevitable to the White Key and its official affairs. If any officer's program has failed, it is not because of neglect of any officer, but because of the dropping of interest by the student body.

Polar Bearings

The importance of Friday night's game with last Saturday's game tonight was another addition to the ever-increasing schedule. It is quite amazing that such a large group of people has not returned to the game, and especially the large number that were at the Maine game. It is inevitable that more people will return to the game as the season progresses, up to a running score of the game. This would also be valued by the players.

Polar Bearings

The season is almost over for this year, the only two high points being the annual game on Bob Miller's program. It was generally agreed by all coaches last week end that Bowdoin did a fine job at Coach Miller's town was the only civilian group in the field.

Cinderella Lose at Garden B.A.A. Games

Last Saturday afternoon the Bowdoin Bearcat Track team competed against the Harvard, Boston College, Brown and Cornell Track teams.

The Bowdoin Bearcats placed third in the meet, with only Harvard and Cornell ahead of them. The meet was held at the Harvard, Boston College, Brown and Cornell Track teams.

Bates and Bowdoin Debate Contention

Bates and Bowdoin participate in a dual debate Monday evening, the topic being "Do Congressmen have the right to be absent from Senate votes on war issues because of their private lives?"

Ralph C. B. in the debate, for the affirmative side, was Harold L. Taylor, Bates author for the negative side.

Dean H. A. of Bates, Baldwin, was the moderator for the debate. The debate was held in the campus center, according to Dean L. E. Taylor.

Executive Committee

The next meeting of the executive committee will be held Wednesday evening, March 14th, at 7:30 p.m. in the campus center.

The meeting will be called to order by President E. W. M. of Bates, and the minutes of the previous meeting will be read and adopted. The committee will then consider the following agenda:

1. Report of the executive committee to the membership.
2. Report of the various committees of the club.
3. Discussion of any other business.

Religious Forum

The next Religious Forum will be held on Thursday, March 15th, at 8:00 p.m. in the campus center. The topic of the forum is "The Importance of Religion in Our Daily Lives." The speakers will be Paul H. of Bates, and John W. of Bowdoin.

THE BOWDOIN ORIENT

NEW ENTERING CLASS INCLUDES FOUR VETS

21 freshmen and three transfer students entered the Spring Term of 1945. This group, representing a variety of educational backgrounds and experiences, brought with them a range of perspectives and ideas that would contribute to the intellectual and cultural life of the college. Many of these students were seeking higher education after serving in the armed forces during World War II. Their presence added a unique dimension to the Bowdoin community, enriching the educational experience for all students.

SEAN OF JULIUS CAESAR is a modern drama, which was performed on stage, and enjoyed great success by the audience. With its mix of historical events and modern themes, it captivated the audience and left a lasting impression. The production received critical acclaim and was highly regarded for its artistic merit.

EXHIBITION AT THE BOWDOIN ORIENT—A Day in the Life of a Professional Educator. This exhibition featured works created by faculty members and highlights the dedication and expertise of the educators at Bowdoin College. It showcased their contributions to the college community and the broader academic landscape.

MUSIC DEPARTMENT LISTS RECORDS

The Music Department has compiled a list of records which will be available to the audience at various events throughout the next few weeks. These records feature performances by both local and international artists, offering a diverse range of musical genres and styles. They are a testament to the rich cultural heritage and artistic talent present at Bowdoin College.

DEAN OF THE ARTS

"The Eagle is a symbol of strength and determination, embodying the spirit of our students and faculty. What better way to honor them than by dedicating this new campus clock?"

spoke at Bowdoin College as
part of the Phi Beta Kappa Lecture
series. His address was entitled
"Trollope, the Novelist," and
he discussed the life and works
of the English author.

Four N.E. Clergymen Lead Religious Forum

Last Thursday, February 25, the Forum on
Religion had its regular meeting at
the Bowdoin College Union.

The speakers for the evening
were the Reverend Charles
Brown, the Reverend Henry
Smith, the Reverend Ralph
Stevens, and the Reverend
William E. Smith.

Sills Expresses Views On Postwar Consecration

Dr. F. W. Sills, president of the
Elephantine Mission, traveled
from the East to speak on the
subject of "Postwar Consecration" to
the students of the College.

Sills stated that the war
had been a great test for
the church, and that
the church must now
concentrate on the
rebuilding of the
church in the
postwar world.

President Sills ended his speech
with the words, "The church
must now act."

Sills' speech was well received
by the students, and
many of them expressed
their agreement with his
views.

Female Card Sharks, Receiving Line
Cut-Up Mark Bright Colby Week End

Perry B. Bascom '46

Mr. Colby student, who
was recently appointed
chairman of the
Colby Card Club, is
renowned for his	
talent in the game of card
sharks. He is known among
his classmates as the
"Card Shark King of Colby.

Earlier this week, Mr. Bascom
ka" and "Card Shark King of Colby"
was involved in a series
of intense card games
at Colby. His skills and
strategy were on display
as he won several
rounds and maintained his
reputation as a skilled card
shark.

The games continued until late
into the night, with Mr. Bascom
winning several hands,
and his reputation as a
skilled card shark being
solidified among his
classmates.
**EASTER VACATION**

Tonight the Faculty will decide the flickish matter of the Easter Vacation. Where the governor says can your vacation there is not much that can be done but grin and bear it.

**Campus Survey**

Department of Sociology and Anthropology

**The Bowdoin Front**

Maudsley Annex W1 was among 900 Birmers monitored by the State on March 24, 1944, outside of the dome in their daily chapel.

**Fraternity**

Bowdoin undergraduates make the following announcement:

- Brothers of the fraternity wish to announce that the fraternity requires all brother to meet the following requirements:
  - All brothers must be members of the fraternity and must be in good standing with the fraternity.
  - All brothers must attend all fraternity meetings and events.
  - All brothers must participate in all fraternity activities.

**VARIETY.**

By Bob O'Brien

Never again will I doubt the power of the press or the woman a man believes in. No sooner had the last issue of the newspaper been tossed out the window than there came to me the great lack of gapers when I had practically a colder deal of popular newspaper editorial. Add to that the cryptic yet tender message, "If you always went about the world in the manner of a man, you'd find out that you couldn't get an iron gun from anyone."

**Fraternities Announce Officers For Spring Term**

The College House Council announced the officers for the fraternity for this Spring Term and gave the names of the fraternity for spring term and gave the names of the fraternity as follows: The Alpha Delta Phi, Alpha Sigma Phi, and the Delta Phi.

**THE UNION COMMITTEE**

So often these columns are devoted to the subject of the student body and that it is pleasant indeed to be able to turn to the subject of campus social life and find so many things to be praised. For that social life has been so obviously improved and stimulated by the new administration and of course by the year that it is deserving of more passing comments.

Last Friday night's Charleston Ball was one of the most enjoyable dances of the year. The students who attended were much improved in dancing and dress, and the music was of the best. The students who attended were much improved in dancing and dress, and the music was of the best.

**ATHLETICS FOR ALL.**

Mal Morrell has drawn up an impressive and attractive list of post-season plans for the improvement of post-season activities. The administrative department has been criticized from the past several years by the students as being unnecessary to do considerable "convincing" in matters before they will gain full acceptance. We should like to respectfully suggest a careful reading of the present list of activities, for the list is in brief form on the first page of this issue. We should then like to offer our reasons for supporting them.

Fundamental to his program is the proposal that all students should be reached through their college sports. Having benefited by the compulsion of athletic programs at institutes of higher learning, we feel that Pearl Harbor should we like to testify to the highly beneficial effects of athletic programs that can have. Mal Morrell's belief that a boy will be better able to do his college work when he has adequate and well supervised physical training we believe to be fully justified. We have felt that as other wartime undergraduates have found.

Mal's intention of providing every student with individual instruction in various team sports is a noble prop. Mal has done his utmost to get the team spirit and team athletics not only makes one feel better physically but improves one's normal allotment has been simply demonstrated. In addition, qualities of character and of personal importance of by-products of this type of training. Surely these are qualities which the college should seek this summer in all its sons.

The past war years present an opportunity to foster and improve existing athletics not only beneficial but attractiveness and stimulating for all segments of the student body. Student and athletic improvements as the enclosed hockey ring, squash and hand ball courts and an enlarged staff are all important prerequisites to attaining these goals. Mal's carefully planned and broadened concept but not only beneficial but attractiveness and stimulating for all segments of the student body. Student and athletic improvements as the enclosed hockey ring, squash and hand ball courts and an enlarged staff are all important prerequisites to attaining these goals.

Polar Beings

BY ART SWEET AND MARY COFFEY

This writer would like to remind those very few FE Readers who have struggled along the way that the basketball season is not completely over. The team is yet to play in the Bracket tournament, and the fans will need our support. Since the tourney is to be played in Binghamton, this would be a good time to see how large a new and unseasoned. After that, you'll see Colby last weekend the team deserves a little extra support from us.

Polar Beings

Prospects look good for this year's informed team, and if the "instructors" can enrich the services of Professor Nathaniel C. Kendall as coach, the Big White team should have a "fast" season.

Polar Beings

Their coverage of the backwoods against the "Mules" on Waterville last Saturday should win "Major" Edgebloom and "Bob" O'Brien a prominent place in the hearts of loyal Colby fans. Both kept the visitors' stands christened spectacular plays long after some Colby voices had worn out, either from exhaustion or "Big White" hallucinations.

Polar Beings

There is a group of people who can come up on campus who would like to see something definite done about those old backwoods. That way, they too will learn the regular Bowerdale church services. It would be a big help to the team to have a few organized church services at the games. Last weekend we made more noise than the "Gray Mules" robots at Waterville, and if we can do it in Waterville, here should sound like Bill Morgan, the Colby manager. The innocent furries "Cat" will not stand as an excuse.

SPECIALIZING IN FINE FOODS WE SERVED 10000 DOUGHS OF BEER-BATTED IN 1944 CATERING TO THE BETTER TRADE

Imagine the added horror of this war without the Red Cross!

Suppose the Red Cross had never been created.

There would now be no Army of Mercy to save and support the millions of men torn limb from limb. No millions of dollars would be collected for the Red Cross. No millions of bounties, sustaining food packages would be delivered to the deprived and starving Allied war prisoners.

No emergency messes from home would reach our men. No plantation of compassion would be established to help the Victims of Allied War Prisons. Only chaos would be left in the wake of battle and catastrophe. If the Red Cross' hand of mercy were not there, the world's wickedness would be brought down. Our lives would be in danger. We would have no one to care for us.

Now it is up to you to give; in gratitude that your Red Cross has been there for your men and to grow to pass the world's agonized need.

Give your dollars now—give more than ever before.

Current Red Cross Drive Breaks Camps Record By Achieving An Outstanding Contribution of $1.88

With 100% membership the present undergraduate members of the college breaks the campaign record in the recent annual Red Cross War Fund Drive. The drive obtained three hundred and four dollars and sixty cents in addition to the Brunswick town quota of seventieth thousands five hundred dollars.

The Thorndale Club and the Delta Omega Pi chapter achieved record in the percentage of members who make the maximum contribution of $2.00. The Alfred Club, Nu Sigma Chi, and Pi Mu Epsilon have made 100% contributions to the drives.

Eight freshman records in the War Fund Drive this year have been set, making the total number of freshmen thus far 15.000, to date. The Alpha Phi chapter of the Delta Gamma fraternity, the Beta Alpha chapter of the Sigma Alpha Epsilon fraternity, and the Nu Sigma chapter of the Pi Kappa Alpha fraternity are now among the leaders in the drive.

The final day will be highlighted by the annual alumni reunion, sponsored by the Alumni Union and the Senior Class.

Some Highlights Include Alumni and Newcomers, House Dances, Picnics

The Bowdoin Bulletin announced that the school would hold on May 4th and 5th the alumni reunion. The alumni reunion will be preceded by the formal reception on Friday evening, which will be attended by the students and alumni of the school. The alumni reunion will be held on Saturday afternoon.

A "MODERN" CAMPUS

We have been reading "What Is Modern Architecture" by the Museum of Modern Art and wondering what it meant. Our penal system was put into thinking. It seems queer, in our wayward way, that everything is built and architected just like the houses made in the catalogs, are the old college plans huge hummy to an outward pass. We try to impress the idea of a modern college on us, but somehow it seems like a time so different. The only thing modern we have are theNeale and Koy and the student and the campus. And, perhaps, an occasional touch of white plaster in some places. We have the Neo-Gothic style all about us. Modern buildings are not just patterned after what we see from white plaster and chrome. Those are the versions of the McKim, Mead, and the Colons whose work is the best in our time. The modern building is a "machine for living." You wouldn't have to keep a dog or a horse to drive around on, would you? You get a new Detroit car. Why have Roman pillars and Greek columns and semi Colonial window-panes and Gothic dormers covered over all our buildings? Why not replace the glass brick, large panels, steel, poured concrete, insulation and the other new materials that are pleasing to the client and his environment; and artistically, for architected purposes? There is no other reason than this, let us have a modern building to represent the new era and all the others are repetitions of the time.

Bowdoin and Journalism

Most colleges, in their Pre-War plans, have building and planning plans for the fusion of the curriculum with extra-curricular activities. This adjustment is extremely important in the assurance of mental, athletic and social pursuits in the individual undergraduate. In the past, the College has been forced to its policy more than ever in newly recognized fields gradually rather than by instantaneous change in the fusion of the program's curriculum. This method has been successful for many years. Specials given to Dramatics and Radio at respective times. Two or three specialists in the College, as well as those who are well known, all professional workers, have in the past been able to give a good part of their time to these activities.

Dramatics, as a campus activity and a phase of training which affords unique expression of imagination, creative interest, and practical writing, seems to be sorely neglected. The interest which in peace time produces a weekly Bowdoin diary, has weathered oppression and depression without faculty assistance and sometimes, with an occasional guest lecturer, has continued during the World War. This interest has also maintained a rich standard among college newspapers. The editors of the newspapers accept them to their positions and occupations in the interest of the undergraduates. Thus, a professor of English "sin" in at an assignment meeting and gives an interesting lecture on the activities. A faculty member who divorce his time between Journalism and English would find it of real value to become acquainted and establish a course for the creation of Bowdoin's publications.

New Call Policy

The latest issue of the Artist's Magazine (August, 1942), ran an article on "The New Call Policy," every seven weeks for those in "good standing" and excusing completely those on the "good list." Students on the "good list" are allowed to go on the Navy list and project until June 1943. An incentive is thus provided for keeping in good standing. The changes are, as we are also getting a preview of the policies the Department of Defense plans for the post war era. Thus far they look good.
Three years from now, he should be a very good defensive player. In the spring, he has shown a great deal of energy, drive, and intensity, which bodes well for his future. He would be a very good point guard against each of the other teams in the conference.

The White Key is soon to open, and there is no reason for concern. The stories of Coach Nolan and his assistants will be received with interest.

The College President has been given permission by the Board of Trustees to offer a fellowship to the recipient of the Intercollegiate Swimming Award. The fellowship will be of $3,000 per year, and will cover all expenses during the academic year. The recipient will be chosen on the basis of ability and character.

The Intercollegiate Swimming League is scheduled to begin its season on October 1. The meet will be held at the Armory, and will be attended by all the teams in the league. The meet will be a close one, and is expected to be exciting.

The Army Nurse Corps is expected to have a large number of qualified nurses available for the coming season. The Corps is well organized, and is ready for the demands of the season.
KAPPA SIG SIGS Will CELEBRATE 50TH WITH RADIO PROGRAM

"Come Gather All Ye Merry Men" Will Be Presented March 29th

One of the features of the Alpha Blue Chapter of the Kappa Sigma Fraternity will be a radio program over the program which will be broadcast on the morning of March 29th. This program will be an exciting event for all members and will include music and song. The program will be produced by the members of the chapter and will be broadcast live over the local radio station.

Kappa Sigma Seal

Personal motion of all living members will be given, setting in motion the twenty-four hour cycle, symbolizing the life of the chapter. This motion will be completed by a group of junior members, who will be present to receive the motion. Every living alumnus will receive a copy of the program.

North Winthrop Vies South
For Crown As Quietest End

Sweet Potatoes, Butyrice Add To The Gaiety Of Chin Lip Chi End

By Bob Hillier
North Winthrop Hall is alarmed, for her crown is being threatened by the growing influence of Chin Lip Chi. Thoroughly alarmed, she has decided to take action. With a show of support from her friends, she has managed to place herself in the position of being a serious contender for the crown.

One major factor that has contributed to her recent success is the support of her fans. With their encouragement, she has been able to overcome the challenges that have been presented to her. Moreover, she has been able to use her position as a source of inspiration for others, motivating them to pursue their dreams.

By Ray Norkam
Here, stranger, you're wrong. All those rumors you've been hearing are just that—rumors. I happen to know that the secret to winning the crown is hard work and dedication. So go out there and show everyone what you're made of.

The Undergraduates "In The News"

George H. Goffin '47, now of the United States Navy, former president of the Alpha Delta Phi Fraternity, visited the campus last week.

Kappa Sigma House

The Kappa Sigma house is now the site of a new and exciting event. The house has recently undergone a complete renovation, and the new chapter is now ready to welcome its members. The house is equipped with all the modern conveniences, and the members are eager to show it off.

The Ever-Growing Body Of Returned Servicemen On Campus

The number of returned servicemen on campus is growing each day. Many of these men are finding that their education is not yet complete, and they are returning to finish their studies. This is a welcome sight, and the university is doing all it can to support these men.

FUTURE RADAR EXPERTS those four Bow-drown students have passed the Edly test. They are, from left to right: Kenneth L. Mansfield, Edward M. Stone, Conrad N. White, and Everett W. Gray, all from 1948.

Eighty students, by the way, have already passed the Edly test and are now well on their way to becoming radar experts.

By Robert B. "Bob" Green, a beloved member of the Alpha Blue Chapter, the fraternity has decided to honor him with a special ceremony. The ceremony will be held on the morning of March 29th, and all members are encouraged to attend.

The hotel first opened its doors in 1928. In the years since, it has become an integral part of the community, hosting events and gatherings of all kinds. Its location on the corner of Main Street and Exchange Street makes it a convenient and picturesque spot.
