BOWDOIN COLLEGE

AND THE

MEDICAL SCHOOL OF MAINE.

FOR THE YEAR 1889-90.

BRUNSWICK:

MDCCCLXXXIX.
Bowdoin College was incorporated by the General Court of Massachusetts, upon the joint petition of the Association of Ministers and the Court of Sessions, of Cumberland County. The act of incorporation was signed by Governor Samuel Adams, June 24, 1794.

The College was named in honor of James Bowdoin, a graduate of Harvard in 1745, a delegate to the first Congress in Philadelphia, the President of the Convention which adopted the Constitution of Massachusetts, and subsequently Governor of the State. In addition to his civil honors he was a member of various foreign societies, the first President of the Boston Academy of Arts and Sciences, and a valued friend and correspondent of Benjamin Franklin.

The earliest patron of the College was the Hon. James Bowdoin, son of the Governor. He was graduated at Harvard College in 1771, and subsequently studied at the University of Oxford. In President Jefferson's administration he was appointed successively Minister Plenipotentiary to the Court of Spain, and Associate Minister to the Court of France. During his residence abroad he accumulated a valuable library, a collection of paintings and drawings by old and modern masters, a cabinet of minerals and fossils, together with models of crystallography, all of which he bequeathed to the College. During his lifetime he gave land, money and apparatus to the College, and at his death it became, by will, his residuary legatee.

ADMISSION TO THE COLLEGE.

CANDIDATES FOR ADMISSION to the Freshman Class are examined in the following subjects, text-books being mentioned in some instances to indicate more exactly the amount of preparatory work required.

Latin Grammar,—Allen and Greenough, or Harkness.
Latin Prose Composition,—Daniell.
Cæsar,—Commentaries, four Books.
Sallust,—Catiline's Conspiracy.
Cicero,—seven Orations.
Virgil,—First six Books of the Æneid, including Prosody.

Greek Grammar,—Hadley or Goodwin.
Greek Prose Composition,—Jones.
Xenophon,—Anabasis, four Books.
Homer,—Iliad, two Books.
Ancient Geography,—Tozer.
The Outlines of Greek and Roman History.

Arithmetic,—especially Common and Decimal Fractions, Interest and Square Root, and the Metric System.
Plane Geometry.
Algebra, as far as Logarithms,—Wentworth.

English Grammar and Composition.—Each applicant will be required to write a short composition based on standard works in English Literature. The subjects for 1890 will be drawn from two or three of the following works: Shakespeare's Julius Caesar, and Midsummer Night's Dream; Coleridge's Ancient Mariner; Longfellow's Evangeline; Macaulay's Essay on Lord Clive; Thackeray's English Humorists; Webster's first Bunker Hill Oration; Scott's Quentin Durward; George Eliot's Silas Marner; Hawthorne's House of the Seven Gables.

For 1891.—Shakespeare's Julius Cæsar, and Merchant of Venice; Coleridge's Ancient Mariner; Longfellow's Evangeline; Macaulay's Essay on Lord Clive; Webster's first Bunker Hill Oration; Irving's Alhambra; Scott's Old Mortality; George Eliot's Silas Marner; Hawthorne's House of the Seven Gables.

For 1892.—Shakespeare's Julius Cæsar, and As You Like It; Scott's Marmion; Longfellow's Courtship of Miles Standish; Addison's Sir Roger de Coverley Papers; Macaulay's second Essay on the Earl of Chatham; Webster's first Bunker Hill Oration; Irving's Alhambra; Scott's Talisman; George Eliot's Scenes from Clerical Life; Hawthorne's House of the Seven Gables.

For 1893.—Shakespeare's Julius Cæsar, and Twelfth Night; Scott's Marmion; Longfellow's Courtship of Miles Standish; Addison's Sir Roger de Coverley Papers; Macaulay's second Essay on the Earl of Chatham; Emerson's American Scholar; Irving's Sketch Book; Scott's Ivanhoe; Dickens' David Copperfield.

Equivalents will be accepted for any of the above specifications so far as they refer to books and authors.
Candidates for admission to the Sophomore, Junior and Senior classes are examined in the studies already pursued by the class which they wish to enter, equivalents being accepted for the books and authors studied by the class, as in the examination on the preparatory course.

No one is admitted to the Senior Class after the beginning of the second term.

The Regular Examinations for Admission to College are held in Massachusetts Hall, in Brunswick, on the Friday and Saturday after Commencement, June 27 and 28, 1890, and on the Friday and Saturday before the opening of the First Term, Sept. 12 and 13, 1890. At each examination, attendance is required at 8.30 a.m. on Friday. The examination is chiefly in writing.

Examinations for admission to the Freshman Class are also held, at the close of their respective school years, at the Washington Academy, East Machias, and at the Fryeburg Academy, these schools having been made special Fitting Schools for the college by the action of their several Boards of Trustees, in concurrence with the Boards of Trustees and Overseers of the college.

The Faculty will also examine candidates who have been fitted at any school having an approved preparatory course, by sending to the principal, on application, a list of questions to be answered in writing by his pupils under his supervision; the papers so written to be sent to the Faculty, who will pass upon the examination and notify the candidates of the result.

Testimonials of Good Moral Character must in all cases be received before tickets of admission are granted. A testimonial is preferred from the teacher under whom the preparatory course was completed.

A student from another college, before he can be examined, must present a certificate of regular dismission.
A Bond for Two Hundred Dollars, with satisfactory sureties, must be filed with the Treasurer by every student on his admission to College, as security for the payment of his Term Bills, and any other charges that may arise under the College Laws. A blank form for this purpose will be given with the ticket of admission.

SPECIAL STUDENTS.

Facilities will be afforded to students who desire to pursue special studies, either by themselves or in connection with the regular classes, without becoming matriculated members of College.

ADMINISTRATION OF THE COLLEGE.

ORDER AND DISCIPLINE.

The administration of the College is conducted on the principle that the Undergraduate Residents will co-operate with the Faculty in maintaining good order, and in securing obedience to the College regulations. These regulations regard the students as amenable to the laws of the land, and to the ordinary rules of gentlemanly conduct in their intercourse with each other and with their instructors. Those, accordingly, who enjoy the privileges of residence and membership in the College are required to be correct in their personal habits, to be regular and diligent in the performance of prescribed duties, and to exhibit in their conduct a due regard for such laws and institutions as are inseparable from the administration of a Christian College.

RELIGIOUS EXERCISES.

The students are required to attend devotional exercises, consisting of the reading of Scripture, Singing and Prayer, held in the College Chapel every week-day morning, and a brief service, including an address by the President, on Sunday afternoon.

Every student is also required to attend the exercises of public
worship on the Sabbath, at the place provided by the Trustees and Overseers. But to secure the rights of conscience, any student may, at his own request if he is of age, or at the request of his parent or guardian if he is a minor, have permission to attend instead the services of any Christian society in Brunswick or Topsham.

Prayer meetings under the direction of the Young Men's Christian Association, a religious organization of the students, are held on Thursday evenings, and other meetings on Sunday, to which all members of the College are cordially invited.

TERMS AND VACATIONS.

Commencement on the fourth Thursday of June.
Vacation, eleven weeks.
The first Term begins Tuesday, eleven weeks from Commencement week, and closes on the Saturday preceding Christmas.
Vacation, two weeks.
The Second Term begins on Tuesday, two weeks from the close of the first term, and continues thirteen weeks.
Vacation, one week.
The Third Term begins Tuesday, one week from the close of the second term, and continues till Commencement.
At the beginning of each term, full College exercises begin on Tuesday morning.

ABSENCE FROM COLLEGE.

It is of the utmost importance that students be present at College every day of term time, and only an absolute necessity should warrant absence.

When pecuniary necessity makes it unavoidable, students may, upon seasonable petition and by vote of the Faculty, have leave of absence during a portion of term time, when actually engaged in teaching, or in literary or scientific pursuits.
EXAMINATIONS.

There are examinations at the close of the first and second terms, mainly in writing, on the work of the term in each department, and at the close of the third term an oral examination on the work of the term before the Examining Committee appointed by the Boards of Trustees and Overseers. The results of these examinations enter largely into the rank of the student, and have an important influence in determining his standing.

PRIZES.

*English Composition Prizes.*—The sum of Thirty Dollars is annually given as prizes to members of the Senior Class for excellence in English composition.

*Junior Declamation Prizes.*—Prizes amounting to Thirty Dollars are given to members of the Junior Class for excellence in Oratory at their annual Prize Declamation.

*Sewall Premium.*—Prizes amounting to Ten Dollars are awarded to members of the Sophomore Class for excellence in Oratory at their annual Prize Declamation.

*Brown Composition Prizes.*—Two Prizes, one of Thirty Dollars and one of Twenty Dollars, given by Philip Henry Brown, Esq., of Portland, (Class of '51), are offered to the Senior Class for excellence in extemporaneous English composition.

*Sewall Greek Prize.*—A Prize of Twenty-five Dollars, given by Prof. Jotham Bradbury Sewall (Class of '48), Master of Thayer Academy, and formerly professor of Greek in the College, is awarded to the member of the Sophomore Class who sustains the best Examination in Greek, at the annual Examination.

*Sewall Latin Prize.*—A Prize of Twenty-five Dollars, also given by Prof. Sewall, is awarded to the member of the Sophomore Class who sustains the best Examination in Latin, at the annual Examination.
Mathematical Prize.—A Prize of Three Hundred Dollars, given by Henry Jewett Furber, Esq., (Class of '61), is awarded to the Sophomore whose rank is highest in the mathematical studies of the first two years. (See Smyth Scholarship.)

Goodwin Commencement Prize.—The income of One Thousand Dollars, given by the Rev. Dr. Daniel Raynes Goodwin, of Philadelphia (Class of '32), formerly Professor of Modern Languages in the College, is awarded each year to the author of the best Commencement Part.

Class of '68 Prize.—The income of Eight Hundred Dollars, contributed by the Class of 1868, is given annually to the author of the best written and spoken oration in the Senior Class.

Pray English Prize.—The income of One Thousand Dollars, given by the late Dr. Thomas J. W. Pray, of Dover, N. H., (Class of '44), is awarded each year to the best scholar in English Literature and original English Composition.

LABORATORIES AND CABINETS.

The Chemical and Physical Laboratories are supplied with gas, water, steam and electricity, and furnished with the apparatus and the mechanical appliances necessary for illustration and instruction in the departments with which they are connected, and for practical analytical work by the students.

The Biological Laboratory is well supplied with microscopes, section-cutters, dissecting outfits and other apparatus, necessary for the study of Botany and Zoology.

The upper portion of Massachusetts Hall, converted into a Cabinet of Natural History through the liberality of the Hon. Peleg Whitman Chandler, of Boston, (Class of '34), and named the Cleaveland Cabinet, in memory of the late Professor Parker Cleaveland, contains the various collections illustrating Natural History belonging to the college.
These collections, to some of which accessions are constantly made, are the following:

The Cleaveland and Hauty Collections of Minerals.
The Mineralogical and Geological Collections of the late Mrs. Frederick Allen, of Gardiner, Me.
The Shattuck Conchological Collection.
The Cushman Ornithological Collection.
The Fish Collection of Lepidoptera.
The Blake Herbarium.
The Cleaveland Herbarium.
The Anatomical Museum.

There is also an interesting and constantly increasing collection of Zoological specimens, deposited for the present in Massachusetts Hall, and sufficiently extensive to illustrate the various forms of animal life.

Under certain regulations the Cabinets are accessible for purposes of study to all students of the College.

LIBRARIES.

The principal Library rooms are Banister Hall in the East end of the Chapel, and the connected Wings. They contain under one management, the College Library and the Libraries of the Athenæan and Peucinian Societies, together comprising about 40,000 volumes.

During term time the library is open every day, except Sundays, from 8:30 A. M. to 4 P. M.

Officers, students and graduates of Bowdoin College, and clergymen resident in Brunswick and vicinity, may borrow books from the library, which, however, are subject to recall if specially needed.

Accessions are made to the Library by an annual appropria-
tion of the Boards for the purpose, and from the proceeds of funds contributed by the following donors:

Rev. Elias Bond, of Kohala, Sandwich Islands (Class of '37.)
Mrs. John C. Dodge, of Cambridge, Mass.
Henry J. Furber, Esq., of Chicago, Ill. (Class of '61.)
Capt. John Patten, of Bath.
John Langdon Sibley, A. M.

The Medical Library of 4,000 volumes, is deposited in Adams Hall, which contains the lecture rooms, offices, &c., of the Medical Department.

ART COLLECTIONS.

By the will of the Hon. James Bowdoin, the college in 1811 came into possession of his collection made in Europe, of about one hundred paintings, and one hundred and fifty original drawings by old and modern masters. To these paintings have since been added the collection of the late Col. George W. Boyd, (class of 1810), and many other valuable gifts. They are exhibited in the chapel, mainly in Walker Gallery, so named in memory of Mrs. Sophia Walker. The drawings are also exhibited in this room. Some portraits of distinctively college interest are hung in Memorial Hall. A catalogue of the drawings has been issued recently. The collections are open to the public daily during Library hours.

PHYSICAL CULTURE.

Sargent Gymnasium, erected in 1886, has been furnished with the most approved apparatus by the liberality of Dr. D. A. Sargent (Bowdoin '75.)

The Director gives each student a thorough medical and physical examination at the beginning of the college year.

From the measurements and strength tests taken, a chart is made out for each student, which shows him how he stands as regards size, strength, symmetry, etc., in comparison with the normal standard.
It also shows what parts of the body are defective either in strength or development.

At the same time the student receives a hand-book containing the exercises marked, which are prescribed for the purpose of correcting the physical defects shown by his chart.

The hand-book also contains specific directions in regard to diet, bathing, etc., such sections being marked as have special reference to the physical condition of the student to whom it is given.

From November until April each class is required to exercise under the supervision of the Director for a half hour on four days of every week.

A graded course of class exercise has been arranged. The Freshmen have Military Drill and Indian Club Swinging; the Sophomores, Bayonet Drill and Exercises with Wands or Dumbbells; the Juniors, Fencing with Single Sticks; the Seniors, Fencing with Foils or Broadswords.

For the exercises with the Chest Weights, Bars, Rings, etc., each class is divided into three divisions, on the basis of strength and ability to do certain exercises. The work here is carefully graded to suit the strength of each division.

ANNUAL EXPENSES.

Tuition, $75. Room rent, (half) average, $20. Incidental, $10. Total regular College charges, $105. Those who use the Laboratory of Analytical Chemistry are charged additionally at the rate of $5 a term.

Board is obtained in town at $2.75 to $4.00 a week. Other necessary expenses will probably amount to $40 a year. Students can, however, by forming clubs under good management, very materially lessen the cost of living.

Term bills are due at the end of each term, and if not paid at the beginning of the next term, interest will be charged. No
student will be admitted to a higher class nor allowed to attend its recitations, until all his bills due to the College shall be paid; and no degrees will be conferred upon students who have not paid their dues to the College.

PECUNIARY AID.

Meritorious students, with slender pecuniary means, may receive considerable assistance from the College. It should be understood, however, that good capacity, character and conduct are indispensable conditions on which aid is given.

COMPETITIVE SCHOLARSHIPS.

Brown Memorial Scholarships.—A fund for the support of four Scholarships in Bowdoin College, given by the late Hon. J. B. Brown, of Portland, in memory of his son, James Olcott Brown, A. M., of the Class of 1856.

According to the provisions of this foundation, there will be paid the sum of Seventy-five Dollars annually to the best scholar in each undergraduate Class who shall have graduated at the High School in Portland, after having been a member thereof not less than one year.

John C. Dodge Scholarship.—A fund of $1,000, given by Hon. John C. Dodge, of Boston. The recipients to rank above two-thirds of their class-mates, and to be selected by the donor.

Smyth Scholarship.—A fund of $5,000, the gift of Henry J. Furber, Esq., of Chicago, named by him in honor of the late Professor William Smyth. The income at six per cent. is given to that student in each Sophomore Class who obtains the highest rank in the mathematical studies of the first two years. The rank is determined mainly by the daily recitations; but the Faculty may at their discretion order a special examination, the result of which will be combined with the recitation rank. The successful candidate receives $100 at the time the award is
made. The remaining $200 are paid to him in installments at the close of each term during Junior and Senior years. If a vacancy occurs during those years, the next in rank secures the benefit of the scholarship for the remainder of the time.

MINISTERIAL SCHOLARSHIPS.

The income of these is to be appropriated for the aid of students preparing to enter the ministry of the Evangelical Trinitarian Churches.

Shepley Scholarship.—A fund of $1,000, given by Hon. Ether Shepley, LL.D., of Portland, late Chief Justice of the Supreme Court of Maine.

Mary L. Savage Memorial Scholarship.—A Scholarship of $1,000, founded by Rev. William T. Savage, D. D., of Quincy, Ill., in memory of his wife, Mary L. Savage.

Benjamin Delano Scholarship.—A Scholarship of $1,000, bequeathed by the late Capt. Benjamin Delano, of Bath.

And Emerson Scholarships.—A fund amounting at present to $6,600, given by the Will of the late And Emerson, Esq., of Boston, through Rev. Dr. E. B. Webb.

Stephen Sewall Scholarship.—A Scholarship of $1,000, given by the late Deacon Stephen Sewall, of Winthrop.

GENERAL SCHOLARSHIPS.

These are assigned at the discretion of the Faculty or President.

Alfred Johnson Scholarships.—These Scholarships, three in number, of $1,000 each, were founded by the late Hon. Alfred Johnson, of Belfast, in memory of his grandfather, Rev. Alfred Johnson, one of the founders and earliest Trustees of the College, and of his father, Hon. Alfred Johnson, one of the earliest graduates and Trustees.
William Sewall Scholarship.—A Scholarship of $1,000, founded by Mrs. Maria M. Sewall, in memory of her husband, William B. Sewall, Esq.

Mary Cleaves Scholarships.—Three Scholarships of $1,000 each, founded by the Will of the late Miss Mary Cleaves.

Cram Memorial Scholarship.—This is a Scholarship of $1,000, founded by Hon. Marshall Cram, of Brunswick, in memory of his son, Nelson Perley Cram, of the Class of 1861, who lost his life in the service of his country.

Charles Dummer Scholarships.—Six Scholarships of $1,000 each, given by Mrs. Almira C. Dummer, in memory of her husband, Charles Dummer, A. M., who was for many years a member of the Board of Overseers.

W. W. Thomas Scholarship.—A Scholarship of $1,000, founded by Hon. W. W. Thomas, of Portland.

Buxton Scholarship.—A fund at present amounting to $2,500, contributed by citizens and natives of Buxton, Maine, through Cyrus Woodman, Esq., of Cambridge, Mass., in aid of deserving students, preference being given to natives and residents of Buxton.

Pierce Scholarship.—A Scholarship of $1,000, bequeathed by the late Mrs. Lydia Pierce, of Brunswick, in memory of her son, Elias D. Pierce. The recipient is to be nominated by the President of the College.

Blake Memorial Scholarships.—A fund of $4,000, bequeathed by the late Mrs. Noah Woods, of Bangor, in memory of her son, William A. Blake, a graduate of the class of 1873.

Huldah Whitmore Scholarships.—Two Scholarships of $2,500 each, given by Hon. William Griswold Barrows, LL.D., of
Brunswick, in memory of his wife, to be awarded by the President under certain conditions.

**Nathaniel McLellan Whitmore Scholarship, and George Sidney Whitmore Scholarship.**—Two Scholarships of $1,000 each, given by Mrs. Mary J. Whitmore, in memory of her sons Nathaniel McLellan Whitmore, of the class of 1854, and George Sidney Whitmore, of the class of 1856.

**George Franklin Bourne Scholarship.**—A Scholarship of $1,000, given by Mrs. Narcissa Sewall Bourne, of Winthrop.

**Beneficiary Funds.**

**Lawrence Fund.**—A fund of $6,000, given by Mrs. Amos Lawrence, of Massachusetts. The income to be annually appropriated for the whole or a part of the tuition of meritorious students in Bowdoin College who may need pecuniary assistance, preference being given to those who shall enter the college from Lawrence Academy, at Groton, Mass.

**G. W. Field Fund.**—A fund of $3,000, given by Rev. George W. Field, D. D., of Bangor, (class of 1837), the income of which is to go to students or graduates of the Bangor Theological Seminary, or to persons named by the Bangor Central Church, who become students of this College.

**The American Educational Society.**

Young men in need of aid, who are studying for the ministry of the Congregational Church, may be assisted by this Society to the amount of $75 a year.

MEDICAL SCHOOL OF MAINE.

The Medical School of Maine, by an Act of the Legislature, is placed under the superintendence and direction of the Board of Trustees and Overseers of Bowdoin College. By their joint authority all the degrees of M. D. are conferred.

The 70th Course of Lectures will begin February 6, 1890, and continue twenty weeks, ending June 25th. The introductory lecture will be delivered at 3 o'clock p. m., by Prof. Lucius A. Emery, A. M.

MEANS OF INSTRUCTION.

The specimens of Normal, Morbid and Comparative Anatomy are annually increased in number. The Museum has lately been thoroughly re-arranged and enriched by purchases abroad.

The Chemical Department embraces every article of apparatus essential to a complete illustration of the principles of Chemistry.

A new laboratory has recently been furnished for special courses in analytical chemistry, urinary analysis and toxocology. These courses are strongly recommended to every student. They will be entered upon immediately after the closing of work in the dissecting room.

The lectures in Physiology are illustrated by Auzoux models and by experiments.
Dr. Albion G. Young will continue his instruction in a short course of lectures upon Public Hygiene.

Instruction in Normal and Pathological Histology is afforded without extra charge. A short course of Lectures upon Microscopy will be given by the Demonstrator of Histology. Students owning Microscopes are requested to bring them for use in their classes.

Students are advised to prepare for their Anatomical and Physiological studies by the dissection of the cat, dog, rabbit and frog, using Wilder and Gage's Anatomical Technology, Foster and Langley's Practical Physiology, or Huxley and Martin's Biology. Abundant Dissecting Material is furnished at cost.

CLINICS.

Medical and Surgical Clinics will be held every Saturday Morning during the last half of the term, beginning at nine o'clock and closing at half past eleven.

All examinations in the presence of the Class are made without charge. All surgical operations are gratuitously performed.

TERMS OF ADMISSION.

Candidates for Matriculation will be required to give evidence that they possess a good English education. Those who are graduates of Colleges, Normal Schools, High Schools, or have passed the entrance examination to any recognized College, on presentation of their diplomas or matriculation tickets, will be exempt from examination. Examinations will be held on Thursday, February 6th, at 9 o'clock a.m.

The fee for admission to the several Courses of Lectures, payable strictly in advance, and by cash only, is $78. Matriculation Fee, payable each term, $5.

Pupils who have attended two full courses of Medical Lec-
tures, one of which has been in this School, are admitted to all subsequent courses without payment of any Lecture Fees.

Students who have attended two full courses at other regular Medical Institutions, are required to pay $25 for admission to their first course of Lectures at this School, in addition to the Matriculation Fee.

The Graduation Fee (which is not returnable), including the Diploma, is $25.

No student will be allowed to attend any Course of Lectures in this School, without the certificate of the Secretary. Members of the Medical Profession are cordially invited to attend the Lectures at any time.

Graduates of other schools, who have been engaged three years in the regular practice of medicine, may receive a general ticket upon presentation of their diplomas and payment of the Matriculation Fee. Students are expected to remain until the close of the term.

**EXAMINATIONS AND GRADUATION.**

Students and particularly candidates for graduation will be examined at least twice each week in each department by its Professor.

The Faculty, believing it to be desirable for students to pay especial attention to the primary branches during the first portion of their course of study, in order that they may be better prepared to appreciate the more advanced subjects in the latter part, voted thirteen years ago, that any student might present himself for examination in Anatomy, Physiology and Chemistry (any or all), at the regularly appointed time for examination, provided he previously presented to the Secretary satisfactory evidence that, at the close of the current term, he had completed at least twelve months of actual study, and had attended a full course of lectures in this School. Those who are examined in
Anatomy are required to present evidence that they have under competent instructors dissected not less than two parts. The same requirements will be enforced in the cases of those who are examined in this department at graduation. Nine years ago they voted additionally that any student may present himself for final examinations in Materia Medica and Therapeutics, and in Obstetrics, at the regularly appointed time for examination, providing he previously presents to the Secretary satisfactory evidence, that, at the close of the current term, he shall have completed at least two years of actual study and have attended two courses of Lectures, the second of which must have been in this School. An official record of the result of the successful examinations shall be kept by the Secretary. The successful passage of an examination will not exempt a student from faithful attendance upon any exercises in any department during subsequent courses.

The examinations for the Degree of Doctor of Medicine are held by their Faculty of Medicine at the close of the course of Lectures. Degrees will be conferred upon Wednesday morning, June 25th, after the usual graduating exercises.

The candidates must be twenty-one years of age, and must have devoted three years to their professional studies under the direction of a regular Practitioner of Medicine. They must have attended two full courses of Lectures in some regular, incorporated Medical Institution, and the last course previous to examination must have been at this School, and fifteen months' time must elapse between the beginning of a Student's first course of lectures and his graduation. They must deposit with the Secretary of the Faculty satisfactory certificates of good moral character, and of having pursued their medical studies for the required term. They must also pass a satisfactory written and oral examination in Anatomy, Physiology, Surgery, Chemistry, Materia Medica, Pharmacy, Obstetrics, Pathology and Practice. They must also present a Thesis or Dissertation on some medical subject, a fair
copy of which must be deposited with the Secretary of the Faculty at least ten days before the commencement of the examination at the close of the Lectures. These copies are preserved in the Medical Library.

*Students on arriving should call at once on the Secretary of the Faculty to enter their names, present their certificates, and purchase their tickets. They may also obtain from him all necessary information in regard to boarding-houses.*

Price of Board from $3.00 to $5.00 per week.

ALUMNI RECORD.

It is desired to keep as full a record as possible of the residences, occupations and public services of the Alumni. Information is solicited in regard to these points, and also in regard to matters appropriate to the annual published Necrology of the College.

Communications may be addressed to the Librarian.
The schools noticed on the following pages have been constituted special Fitting Schools for Bowdoin College by the action of their several Boards of Trustees, in concurrence with the College Boards. Their annual examinations are attended by committees appointed each year by the Trustees and Overseers of the College. Upon the certificate and recommendation of these committees students are admitted to the College without further examination.
